OBJECTIVE

Enthusiastic and detail-oriented MERN Stack Web Developer with hands-on experience in building scalable full-stack applications using MongoDB, Express.js, React.js, and Node.js. Proven ability to implement JWT authentication, and create responsive user interfaces with modern design practices. Passionate about cybersecurity and secure coding practices, with a strong foundation in problem-solving, team collaboration. Eager to contribute to dynamic development teams and innovative projects.

Skills

- Programming Languages: Java, JavaScript
- Frontend: HTML, CSS, Responsive Web Design
- Backend: Node.js, Express.js, MVC Architecture
- Databases: MongoDB, MySQL
- Tools & Platforms: Postman, VS Code, NPM
- Security Tools: John the Ripper, Wireshark, Steganography, Zphisher
- Soft Skills: Problem Solving, Communication, Teamwork, Time Management, Critical Thinking

Education

B.Tech in Computer Science (2022-2026)
Noida Institute of Engineering and Technology, Greater Noida
CGPA: **8.37**

Higher Secondary (12th) – Science Stream (2021)
SMT Girja Devi Inter College, Vijay Nagar Khaga Fatehpur
Percentage: **68%**

Secondary (10th)-(2018)
S B M IC SHAHJADPUR, Khaga Fatehpur
Percentage: **77.83%**

TRAININGS OR CERTIFICATIONS

- Cisco Networking Academy – Introduction to Cybersecurity
- Cisco Networking Academy – CCNA: Introduction to Networks

Projects

Sorting Analyzer Using MERN Stack | May 2025 – July 2025
Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js)

- created a Sorting Analyzer web application with animated React visualizations for sorting operations in real time, utilizing the MERN stack.
- Backend APIs were created to measure performance metrics and run sorting algorithms.
- offered an interactive user interface for choosing algorithms and custom inputs, and stored historical data in MongoDB.

Weather App | May 2025 – July 2025

Tech Stack: HTML, CSS, JavaScript

- Built a responsive weather application that fetches real-time weather data using a public API.

- Implemented search functionality for city-based weather information with temperature, humidity, and condition display.
- Designed a clean and user-friendly interface with responsive layouts for desktop and mobile devices.

INTERESTS, HOBBIES

- Cooking
- Listen music
