Education

NIET, Greater Noida — Expected 2026
Bachelor of Technology in Computer Science and Engineering (Cyber Security) — *Aug. 2022 – Present*

SS Arya Inter College, Dadri, Greater Noida — Jun 2022
12th - PCM — Percentage: 73.20%

Experience

Cyber Security Analysis Intern — Feb. 2025 – Mar. 2025
ScholarRank AI (Invithi Software) — *Remote*

- Handled authentication and authorization processes.
- Worked on network monitoring tasks and access control policies.

Projects

Text to Speech Converter | *HTML, CSS, JavaScript* — 2024

- Created a fully responsive web application that converts user-input text into speech.
- Utilized **JavaScript's Web Speech API** (`SpeechSynthesis`) for real-time voice output.
- Designed a clean and intuitive **user interface** using HTML and CSS.
- Implemented features such as **voice selection**, **speech rate**, **pitch control**, and **volume adjustment**.

Snake Game | Java Swing Package

- *Designed a dynamic grid-based game board within a custom JPanel, with smooth real-time rendering and animation.*
- *Implemented core game mechanics including snake movement, food spawning, score tracking, and collision/game-over detection.*

Technical Skills

Languages: HTML, CSS, JavaScript, Java, SQL
OS: Linux, Windows
IDE: VS Code, Eclipse IDE, Intellij Idea

Co-Curricular Activities

Vice- Captain – Cricket Team (Cyber Security), NIET — 2024 – 2025
Semi Finalist – Ebullience 24

Discuss Throw Winner (Bronze) — Ebullience '24

Coordinator - Ebullience '25 — Matrix 2.0, NIET

Achievements

- Won **2nd prize** out of 200+ participants in the **MATRIX Hackathon** conducted by Cyber Invaders at NIET.
- Demonstrated exceptional problem-solving skills in a highly competitive environment.
