Education

Noida Institute Of Engineering and Technology Nov 2022 – Jun 2026
Bachelor of Technology in Computer Science and Engineering Percentage: 80%

G.T.B Public School 2020 – 2022
CBSE (Class X – XII)

Summary

- Passionate Computer Science student with strong foundation in DSA , Algorithms , and Frontend Developer.
- Solved 700+ DSA problems across LeetCode , CodeChef , and GeeksforGeeks.
- Built scalable projects using Ai/ML and frontend.
- Good understanding of performance optimization , real-time search , and clean UI/UX.

Technical Skills

- **Languages:** C++ , Java , Python
- **CS Fundamentals:** OOPs , DBMS , MySQL
- **Version Control:** Git , GitHub
- **Authentication:** JWT , OAuth

Experience

Ethara AI || LLM Post Training Intern Feb 2026 – Present

- Worked on AI and data projects focused on LLM evaluation
- Performed data annotation and model output analysis
- Ensured data quality by following guidelines
- Collaborated with team leads and delivered tasks within deadlines

Projects

AI Resume Analyzer (NLP + Machine Learning)

- Developed an AI-based web application to evaluate resumes against job descriptions using NLP techniques.
- Implemented TF-IDF and cosine similarity to compute ATS score and measure resume-job matching.
- Built a skill extraction system to identify matched and missing skills with improvement suggestions.
- Designed an interactive dashboard using Streamlit with real-time feedback and visual analytics.

Advanced AI Chat-Bot | *HTML , CSS , Javascript* |

- Built a web-based AI chatbot using HTML , CSS , and JavaScript for real-time conversations.
- Integrated the Google Gemini API to generate intelligent , context-aware responses
- Enabled text and image input , allowing multimodal interaction with the AI assistant.
- Implemented async/await for smooth , non-blocking API communication and better UX.
- Designed a responsive , user-friendly interface with avatars , loading animation , and auto-scrolling.
