EDUCATION

NIET, Greater Noida Expected 2026
Bachelor of Technology in Computer Science and Engineering (Cyber Security) Aug. 2022 – Present
CGPA: **7.51 / 10**

SJS Public School, Kasganj, Uttar Pradesh July 2020
Intermediate (12th) 62.6%
High School (10th) 74.4%

INTERNSHIP AND TRAININGS

AICTE Eduskills Cyber Security (Virtual Internship) Apr. 2024 – Jun. 2024
Duration – 10 weeks | Supported by: ***Palo Alto Networks*** Remote

– Completed 10-week training on Network Security, Firewall Configuration, and Threat Prevention powered by Palo Alto Networks.
– Gained hands-on knowledge of Next-Generation Firewall (NGFW), Zero Trust Architecture, and Cybersecurity fundamentals.
– Studied cloud security concepts and security operations applicable to enterprise-level environments.

PROJECTS

Student Admission Portal | *JAVA, JDBC, JSP, SERVLET, SQL* 2024

– Engineered a student admission portal using JAVA and JDBC, enabling online form submission, eligibility checks, and admin dashboard.
– Streamlined database access with `JdbcTemplate` and transaction management, preventing SQL injection and optimizing performance.
– Designed a responsive and intuitive UI enhancing usability across devices.

AI-Based Automated Literature Review Generation System | *Python, Flask, HTML, CSS, JavaScript* 2025

– Built a full-stack web application that automatically searches ArXiv database, retrieves relevant research papers, and generates structured academic literature reviews using AI.
– Integrated Groq API with Llama 3.3-70B large language model to synthesize well-cited reviews covering Introduction, Themes, Methodology, Research Gaps, and Conclusion.
– Developed a Flask backend with 5 REST API endpoints handling ArXiv search, PDF text extraction, AI review generation, and methodology comparison table creation.
– Implemented PDF upload feature allowing users to add their own research papers with automatic title and abstract extraction using NLP heuristics.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Java, JDBC, SQL, Python
Concepts: OOP, REST API, Data Structures, Networking Basics, DBMS
Tools / IDE: VS Code, Eclipse IDE, IntelliJ IDea, Git, GitHub
OS: Windows, Linux

CERTIFICATIONS

Palo Alto Networks Cybersecurity Essentials – AICTE Eduskills Jun. 2024

CO-CURRICULAR ACTIVITIES

Captain – Tug of War (Cyber Security), NIET 2024 – 2025
Semi Finalist – Ebullience 24
