Career Objective

Aspiring Cyber Security professional with a strong foundation in computer science and security principles, seeking to leverage skills in threat analysis, network security, and secure coding to protect systems and data. Eager to learn, adapt, and contribute to building robust and secure digital infrastructures.

Education

Noida Institute of Engineering and Technology, Greater Noida, UP 2023 – Present
B.Tech in Computer Science Engineering (Cyber Security) — CGPA: 7.01

L.P.K Inter College, Gorakhpur, UP 2021 – 2023
Senior Secondary (PCM)

R P M Academy, Gorakhpur, UP 2019 – 2021
High School

Skills

Languages: C, C++, Python, JavaScript
Web Technologies: HTML, CSS, Bootstrap, Tailwind, Git
Backend: PHP, SQL, MongoDB, REST APIs
Core Subjects: DSA, OOPS, OS, CN, DBMS
Tools: Nmap, Wireshark, Burp Suite, Kali Linux

Internship

Cyber Security Intern — CodeSoft 2024

- Performed vulnerability assessment and basic penetration testing on web applications to identify potential security risks.
- Applied cybersecurity concepts such as network security, encryption basics, and secure coding practices in real-world scenarios.
- Utilized security tools and techniques for threat analysis, improving system reliability and data protection.

Projects

Food Wastage Management System 2025

- Developed a web-based platform to reduce food wastage by connecting food donors with NGOs and volunteers.
- Implemented role-based authentication for admins, donors, and receivers to ensure secure access and management.

Smart Student Performance Analyzer (Machine Learning) 2025

- Developed a machine learning model to analyze student academic performance based on attendance, study hours, and internal scores.
- Implemented data preprocessing, feature selection, and model training to predict performance trends and identify at-risk students.
- Provided actionable insights through data visualization, enabling better academic decision-making and performance improvement.

Certifications

Programming in C Fundamentals — Infosys 2023
British Council CEFR English Certification 2024
ReactJS — Infosys 2024
Introduction to AI and ML — Infosys 2026
Cyber Security and Hacker Tactics — Infosys 2026

Achievements

- Event Coordinator in CyberInvaders Tech Club.
- Secured **Second Runner-Up** position in Athletics at **Ebullience Sports Fest**.
