SUMMARY

Computer Science undergraduate with strong foundations in Data Structures, Algorithms, OOPs, DBMS, and Operating Systems. Experience building full stack web applications using React, Java Spring Boot, and SQL databases. Strong problem-solving skills with focus on scalable, maintainable systems.

EDUCATION

B.Tech in Computer Science Engineering, GL Bajaj Institute of Technology and Management – 2026 | CGPA: 7.01
Class XII (Silver Bells Public School) - 2022 : 90.8%
Class X (Silver Bells Public School) - 2020 : 87%

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript
Frontend: HTML, CSS, React.js
Backend: Java Spring Boot, REST APIs
Database: MySQL, PostgreSQL
Core CS: Data Structures & Algorithms, OOPs, DBMS, Operating Systems
Tools: Git, GitHub

PROJECT

Campus Connect (Full Stack Application) | React.js, Java Spring Boot, PostgreSQL

- Built a centralized platform for students to share academic resources, notices, and discussions
- Developed responsive frontend using React.js with component-based architecture and state management
- Designed and implemented RESTful APIs using Spring Boot for authentication, user management, and content handling
- Implemented secure user authentication and role-based access control for different user types
- Integrated PostgreSQL database with optimized schema design and efficient query handling
- Ensured seamless frontend-backend communication using JSON-based APIs
- Improved user interaction by enabling dynamic content updates and structured information flow

EXPERIENCE

Celonis Process Mining Virtual Internship (Sep 2023 – Nov 2023)

- Analyzed business workflows using process mining concepts to identify inefficiencies
- Worked with data-driven insights to suggest process optimization strategies
- Gained exposure to enterprise-level tools and business process analysis

LEADERSHIP & ACTIVITIES

Rotaract Club, GL Bajaj – Club Member (2023–2025)

- Participated in community service initiatives and collaborated in team-driven events

SOFT SKILLS

Problem Solving, Critical Thinking, Communication, Teamwork, Time Management

ADDITIONAL

- Actively practicing Data Structures and Algorithms on coding platforms
- Interested in Software Development and Full Stack Engineering
