PROFESSIONAL SUMMARY

Detail-oriented Computer Science student with hands-on experience in Manual and Automation Testing concepts, strong programming skills in Python and Java, and a solid understanding of SDLC/STLC. Experienced in developing web applications with keen eye for quality, usability, and bug identification. Seeking a QA Intern role to apply testing methodologies and deliver high-quality, defect-free software.

SKILLS

QA & Testing: Manual Testing | Functional Testing | Regression Testing | Smoke & Sanity Testing | UAT | Test Case Design | Bug Life Cycle | Defect Reporting

Automation & Tools: Selenium WebDriver | PyTest | Postman (API Testing) | JIRA / Bugzilla | GitHub | VsCode

Programming: Python | Java | C | JavaScript | SQL (MySQL) | Node.js

Concepts: SDLC | STLC | Test Planning | Requirement Analysis | RTM | Integration Testing | Unit Testing

Front End: HTML | CSS | JavaScript **Soft Skills:** Communication | Leadership | Problem Solving | Critical Thinking | Attention to Detail

PROJECTS

Manual & Automation Testing – Procrastination Manager Web App [GitHub]

May 2023

- Performed end-to-end Manual Testing covering functional, regression, smoke, and sanity test scenarios on the web app.
- Designed 30+ test cases with expected vs actual results, severity tagging and detailed bug reports using JIRA-style defect tracking.
- Applied Selenium WebDriver + Python (PyTest) to automate login, task creation, streak tracking, and reward validation flows.
- Validated responsive UI across Chrome, Firefox, and Edge; documented all defects with steps to reproduce and screenshots.
- Maintained a Requirement Traceability Matrix (RTM) to ensure 100% coverage of all stated functional requirements.

QA Testing – Netflix Clone (Frontend Project) [GitHub]

Oct 2024 – Dec 2024

- Conducted functional and UI testing on a Netflix-like frontend integrated with TMDB API for dynamic movie data.
- Executed API testing using Postman to validate TMDB endpoints — verified status codes, response payloads, and error handling.
- Performed cross-browser and cross-device testing on banners, carousels, and movie cards; logged 10+ UI/functional defects.
- Tested dynamic content rendering and responsiveness ensuring seamless UX across desktop and mobile viewports.

EXPERIENCE

President – Rotaract Club of GL BAJAJ

07/2025 – 06/2026

- Led 100+ members overseeing community service, professional development, and international collaborations — demonstrated strong leadership, coordination, and documentation skills directly applicable to QA team environments.
- Streamlined event documentation processes, creating structured reports and trackers — directly mirrors test plan creation, defect logging, and QA reporting workflows.

Secretary – Rotaract Club of GL BAJAJ

07/2024 – 06/2025

- Managed operations, documentation, and coordination of 100+ events — developed attention to detail, structured reporting, and process adherence skills aligned with QA defect tracking and reporting workflows.
- Coordinated cross-functional teams to meet event deadlines, applying structured planning, verification, and sign-off processes similar to QA release cycles.

EDUCATION

GL Bajaj Institute of Technology & Management – B.Tech CSE (Data Science)

2022 – 2026

CGPA: 7.1/10

IPEM International School & College – ISC Board, Class 12th

2020 – 2021

Percentage: 86%

IPEM International School & College – ICSE Board, Class 10th

2018 – 2019

Percentage: 89.8%

CERTIFICATIONS & ACHIEVEMENTS

- One Roadmap Skill Certificate – Data Analyst (May 2025)
- ICSE International-Level Badminton Player
- Active open-source contributor on GitHub – 2 QA-focused projects published
- Best Executive Council Member – Rotaract Club of GL BAJAJ (2023–25)
- ICSE National-Level Volleyball Player
- Completed gamification + productivity app used by peers across campus
