EDUCATION

Noida Institute Of Engineering and Technology *Greater Noida, India*
B.tech in Computer Science and engineering(Internet of Things) 2022 – 2026

B N Collegiate School Patna Patna , Bihar
Intermediate 2021-2021

Lakhichand Sahu Utkramit High School Supaul , Bihar
High School 2018-2019

SKILLS

Language: Java, Python , HTML/CSS
Libraries : Pandas , NumPy , Matplotlib
Developer Tools: Git, Git-hub , VS Code , Eclipse

EXPERIENCE

Bharat Intern
Front End Dev Aug 2023

- Developed a Responsive Hospital price Calculator web application using HTML ,CSS , JavaScript, and Bootstrap to estimate booking costs dynamically.
- Implemented real-time price calculation logic in JavaScript based on room type , duration and user input.
- Designed a clean ,mobile first user interface with bootstrap to ensure cross – browser and device compatibility.
- Improved user experience through efficient DOM manipulation and input validation.
- Deployed the application on GitHub pages with proper version control and documentation.

PROJECTS

Chatbot

- Developed an API based chatbot using Python to deliver intelligent context-aware conversational responses.
- Integrated NLP/AI/APIs for intent recognition and natural language understanding.
- Implemented secure API handling and error management to ensure reliable chatbot interactions.
- Tested and validated chatbot functionality across multiple user queries and scenarios.

Student Management System

- Developed a Student management System to perform operations for student record using structured programming principles.
- Implemented database connectivity to store , retrieve , update and delete student information efficiently.
- Designed a user- friendly interface for managing student details such as enrolment ,attendance and marks.
- Applied OOPS concepts to ensure modular , maintainable and scalable code architecture.
- Tested and validated system functionality with proper input validation and error handling.

CERTIFICATIONS

- **Coursera Certifications**
  Python for Data science , AI and Development
- **Infosys Springboard**
  Java Programming fundamentals
