SKILLS

- C Programming
- Java Programming
- Python Basics
- MERN Stack
- Mongo DB
- DSA
- Data Analysis
- VS Code
- Workplace Communication
- Team Work

LANGUAGES

- Hindi
- English

CERTIFICATIONS

- OOPs in Java (Infosys Spring Board)
- Python Basics (Infosys Spring Board)
- AWS (Amazon AWS)
- Web Technology (Infosys Spring Board)
- SQL (Oracle)

PROFILE

Aspiring MERN Stack Developer with strong skills in DSA and Data Analytics. Passionate about building efficient web applications, solving complex problems, and using data to create smarter solutions. Focused on growing as a full-stack developer and delivering clean, scalable code.

WORK EXPERIENCE

Tragencef Private Limited — Training (E-Farming Project)

- Role: Trainee / Project Intern
- Duration: (01-06-23 to 15-07-23)
- Worked on an E-Farming digital solution focused on helping farmers access information, manage crops, and connect with services online.
- Gained hands-on experience in understanding agriculture-based digital platforms, user requirements, and real-time problem-solving for farmers.
- Assisted in designing and improving modules related to crop management, market price insights, and resource planning.
- Collaborated with the team to test system features, analyze data, and ensure smooth functionality.
- Enhanced skills in web technologies, documentation, teamwork, and understanding how technology can improve modern farming systems.

PROJECTS

Online Attendance Management System

- This project is a web-based attendance management system built using the MERN Stack (MongoDB, Express, React, Node.js). It allows teachers to mark attendance online and store all records securely.
- Teachers can log in, select a class, and mark students as Present/Absent. Students can check their own attendance, and admin users can manage classes, users, and view attendance reports.
- React handles the frontend interface, Node + Express manage the backend API, and MongoDB stores all attendance data. The system helps automate attendance tracking, reduce manual work, and provide quick, accurate reports.

EDUCATION

2024-26

Master of Computer Application

Noida Institute of Engineering and Technology
,Knowledge Park 3 , Gr. Noida ,UP.
