EDUCATION

Bachelor of Computer Applications 2021 – 2024
M.L.T College, Saharsa 82%

Higher Secondary Education (BSEB) 2018 – 2020
R.M College, Saharsa 57%

Secondary Education (BSEB) 2017 – 2018
Zila School, Saharsa 52%

PROJECT EXPERIENCE

Carpool – Simple Carpool Web Application Built with Flask | GitHub Feb 2026
Full Stack Project

- Developed a carpooling web application that allows users to register, log in, post rides, search for rides, and book seats.
- Built the backend using **Flask** and used **SQLite** for database storage.
- Implemented the frontend using **HTML, CSS, JavaScript** with Jinja2 templates.
- Designed the project as a learning demonstration of full-stack web development.

AI Chatbot – Intelligent Chatbot for Real-Time Conversation | GitHub Oct 2025
AI Project

- Developed an AI-powered chatbot capable of handling real-time user conversations.
- Implemented backend logic using **Python** with database support for dynamic responses.
- Designed a simple web interface using **HTML, CSS, JavaScript**.
- Integrated chatbot responses with structured data storage to improve interaction efficiency.

SKILLS

Programming Languages: Python, JavaScript
Frontend Technologies: HTML, CSS, Tailwind CSS
Database: MySQL, MongoDB
Coursework: Data Structures, Algorithms, Object-Oriented Programming (OOP), Operating Systems, Computer Networks, DBMS
Tools & Platforms: Git, GitHub, VS Code
Currently Learning: DevOps Fundamentals, CI/CD, AI-Assisted Development

ACHIEVEMENTS

- Solved 250+ problems on GeeksforGeeks, LeetCode, and W3Schools
- Achieved a 3-star rating in Python and a 3-star rating in Problem Solving on HackerRank
- Secured Top 10% and a Silver Badge in Programming in Python through NPTEL
- Winner of the M.L.T College Debate Competition

CERTIFICATIONS

- Machine Learning, Data Science & Web Development – Infosys Springboard
- MERN Stack Web Development – Ducat
- Soft Skill Development – Ducat
