Saurabh Kumar

Web Developer

+91-7870278013 iamsaurabhkr777@gmail.com

Summary

Motivated IT Fresher with hands-on experience in web development using PHP, Laravel, MySQL, HTML, CSS, and JavaScript. Strong understanding of backend development, database management, and responsive web design. Skilled in building dynamic web applications, creating user-friendly interfaces, and managing databases efficiently. Good problem-solving abilities with a solid foundation in programming concepts, Data Structures, and Object-Oriented Programming. Eager to learn new technologies and contribute to innovative software development projects.

Education

Master of Computer Applications **2024–2026**
Noida Institute of Engineering and Technology *CGPA: 7.13/10*

Bachelor of Computer Applications **2019–2023**
Sachchidanand Sinha College, Aurangabad *71.46%*

Technical Skills

Languages: PHP, C, C++, JavaScript, Java, Python

Frameworks: Laravel

Fronted: HTML, CSS, JavaScript

Databases: MySQL

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS

Tools: Git, GitHub, VS Code, XAMPP

Projects

Employee Management System

- Developed a web-based Employee Management System with full CRUD operations for managing employee records.
- Implemented features like employee add, update, delete, search, and record management.
- Designed responsive frontend pages for smooth navigation and user-friendly experience.
- Integrated MySQL database for secure storage and retrieval of employee data.
- Used Laravel MVC architecture for clean and maintainable code structure.
- **Technologies:** PHP, Laravel, MySQL, HTML, CSS, JavaScript

Basic Web Development Projects

- Created multiple frontend mini-projects using HTML, CSS, and JavaScript.
- Developed interactive webpages with DOM manipulation, forms, and responsive layouts.
- Built beginner-level projects to strengthen UI development skills.

Data Structures & Algorithms Practice

- Solved 125+ problems across arrays, linked lists, trees, graphs, and dynamic programming.
- Focused on writing optimized and scalable solutions with efficient complexity.
