Education

Noida Institute of Engineering and Technology , Gr.Noida
B.Tech in Computer Science Engineering (IOT) *Expected(2026)*

Warsi College , Pandey Gangout , Nawadah **2021**
12th Standard,/ (BSEB) *70.4/100 Perce*

High School Kawakol , Nawadah **2018**
10th Standard,/ (BSEB) *65/100 perce*

CERTIFICATIONS

1. Certified by Coursera in Python Basic
2. Certified by Coursera in The Arduino Platform and C Programming
3. Certified by Coursera in Introduction to AI

Projects

Global Exchange Currency :-

Tech Stack: Python, Tkinter, Requests, ExchangeRate-API

Developed a Currency Converter desktop application using Python that allows users to convert between international currencies based on real-time exchange rates.

Integrated external exchange rate data using the ExchangeRate-API and handled API requests with the requests library.

Designed a simple and user-friendly GUI using Tkinter, allowing users to select currencies and input amounts interactively. Implemented error handling and input validation to ensure reliable user experience.

Technical Skills

Languages: Python
Frameworks and Libraries: Django , TensorFlow, Flask , NumPy , Matplotlib
Clouds & Databases: MongoDB, SQLite
Web Technologies: FastAPI
Developer Tools: Git, GitHub
IDEs : Vs code , Jupyter Notebook

Honours and Awards

Additional Activities and Achievements

Noida Institute Of Engineering and Techonology , Gr. Noida

Exploring online courses for obtaining certifications in areas such as **Python programming, Internet of Things** .
Undertaking academic assignments related to **Radar System**.

Adept at translating complex technical ideas into simple, understandable language for diverse audiences, including both technical and non-technical stakeholders.

Experienced in collaborating across departments, promoting teamwork and contributing to a productive and goal-oriented team culture.
