SKILLS

Programming Languages: C, Java
Database: MySQL, DBMS Basics
Concepts: OOPs,Data Structures Basics
Tools: MS Excel, MS Word, PowerPoint
Soft Skills: Teamwork,Quick Learning, Problem Solving

EDUCATION

10TH 2017 - 72.5% *U.P. Board*

12TH 2019 - 61.4% *U.P. Board*

BACHELOR OF SCIENCE 2022 - 69.4

J.S. University ,Shikohabad

MASTER OF COMPUTER APPLICATIONS

2025 – 2027 *Pursuing*

Noida institute of engineering and technology , Greater Noida

PROJETS

Secure Authentication System with Password Validation

- Developed a Secure Authentication System using Java and OOP concepts.
- Implemented user login, password validation, and strength checking features.
- Used exception handling and file handling for secure data management.
- Designed a modular system using encapsulation, inheritance, and abstraction.

Software Testing of E-Commerce Application

- Performed manual testing on an E-Commerce application using systematic test case design techniques.
- Designed and executed 30+ functional, negative, and boundary test cases for login, cart, order, and payment modules.
- Prepared Requirement Traceability Matrix (RTM), defect reports, and test summary reports.
- Applied V-Model SDLC approach and identified defects through structured testing practices.

LANGUAGE

Native Hindi. Advanced English.
