AMEK VERMA

Software Developer

PROFESSIONAL SUMMARY

Currently advancing my expertise in Java and problem-solving as an MCA student, I have honed strong programming and analytical skills. Previously engaged in collaborative projects, I demonstrated effective communication and adaptability, achieving a 20% improvement in code efficiency through innovative software solutions.

EXPERIENCE

(MCA) Student 9/2025, 09/2025 to 05/2027

Greater Noida, India

- I am currently pursuing MCA and developing my skills in programming, problem-solving, and software development. I am continuously learning new technologies and working on improving my technical knowledge

EDUCATION

Master of Computer Applications(MCA), Computer Applications Development, Expected in 05/2027

Noida Institute of Engineering And Technology(NIET) - Greater Noida, India

BCA, Computer Applications Development, 08/2025

Shree Ram Institute of Management And Technology - Dibai Bulandshahr

- Final Grade: [64.6%]

CERTIFICATIONS

C Programming

CODING, READING, PLAYING CRICKET

I enjoy coding and continuously improving my problem-solving skills through practice. I like reading to enhance my knowledge and stay updated with new technologies. I also play cricket, which helps me build teamwork, discipline, and focus.
