

Akhil Kukkala

7095143048 — akhilkukkala2002@gmail.com — LinkedIn — GitHub

Summary

Passionate Computer Science student with experience in AI/ML, web development, and cloud technologies. Proficient in Python, Scikit-learn, OpenCV, Flask, and AWS services through hands-on projects and internships. Strong problem-solving mindset focused on building secure and impactful technology solutions.

Technical Skills

Programming Languages: Python, C, Java, SQL

Web Technologies: HTML, CSS, JavaScript

Libraries & Tools: NumPy, Pandas, Scikit-learn, OpenCV

Coursework: Data Structures & Algorithms, Machine Learning, Operating Systems, MySQL

Projects

Secure Email Communication Jan 2025 – May 2025
Cryptography and Network Security *Python, PyCryptodome, HTML/CSS, Node.js*

- Developed a secure email communication system using Feistel Cipher, DES, and AES encryption algorithms.
- Implemented secure login, encryption, and decryption features with session management.
- Ensured privacy by allowing only authorized users to access encrypted message content.

TRAFFIC CONGESTION PREDICTION July 2025 – dec 2025
Python, TensorFlow, Pandas, Scikit-learn

- Predicts future traffic congestion using machine learning instead of only real-time data
- Provides a user-friendly interface with clear traffic levels for better travel planning
- Helps traffic authorities and commuters make proactive decisions to reduce delays and congestion

Experience

AWS Cloud Virtual Internship Jul 2024 – Sep 2024
AICTE *India*

- Completed AICTE-endorsed internship supported by AWS Academy.
- Worked with AWS services including EC2, S3, IAM, RDS, and VPC.
- Gained strong understanding of cloud architecture and deployment models.

Education

SR University Telangana, India
B.Tech in Computer Science and Engineering *Aug 2022 – May 2026*
CGPA: 7.0 / 10

Certifications

Switching, Routing, and Wireless Essentials – Cisco

AWS Academy Cloud Foundations – AWS

AWS Academy Cloud Web Application Builder – AWS
