Percentage: 70.2%

Experience

UGCPL | Web Development — Ranchi,Jharkhand | july 2023 - August 2023

Designed and developed responsive web pages using HTML, CSS, and JavaScript.
Improved website functionality and user experience through practical frontend implementation.
Gained hands-on experience in real-world web development practices and responsive design.

Skills

Programming Languages:	Java, Python, C
Libraries/Frameworks:	JavaScript
Tools / Platforms:	Vs code, Visual Studio, Jupyter notebook, Intellij
Databases:	MySQL, MongoDB, Power Skills:, Problem Solving, Time Management, Leadership, Critical Thinking, Decision Making, Team Collaboration

Projects / Open-Source

Live Code Editor — *HTML,CSS,JavaScript*

Developed a secure real-time code execution engine to render HTML, CSS, and JavaScript instantly within a sandboxed environment.
Implemented code isolation using iFrames and event-driven programming to provide instant feedback and a smooth user experience.
Optimized performance by debouncing input events, reducing unnecessary DOM updates and improving application efficiency.

Myntra Clone — *HTML,CSS,JavaScript*

Developed a fully functional e-commerce frontend with Search, Filter, and Cart functionality using JavaScript.
Managed application state locally using the Web Storage API, simulating backend behavior for user session and cart data.
Designed a mobile-first responsive grid layout, ensuring a seamless user experience across multiple devices and screen sizes.
Applied Clean Code principles and semantic HTML to improve code readability, SEO, and accessibility.

Certifications

- Web Development - UGCPL.
- Full Stack java Developer - Udemy.
