EXPERIENCE

Java Developer (Work at home)

InternPe

08/2024 - 09/2024 Jehanabad

Internpe

- Collaborated on full-stack web development projects using JSP, Java, JavaScript, HTML, and SQL databases.
- Developed and enhanced the backend of web applications, integrating databases with the front-end for smooth user experiences.
- Gained expertise in using XAMPP to handle MySQL databases, managing user information and transactional data efficiently.
- Followed agile methodologies, participating in daily stand-ups, and collaborating closely with senior developers and project managers. Debugged and optimized code to ensure performance and maintainability across different modules.
- Successfully deployed two functional web applications (Online Shopping System and Airline Management System), which improved my understanding of both front-end and back-end development.

PROJECTS

Railway Ticket System

05/2023 - 05/2023 Bihār, India

⭐Developed an Railway-System platform using JSP, Java, JavaScript, HTML, and SQL database.
⭐Implemented features such as Booking ticket, know about the journey, seat availabilty,
⭐Integrated user authentication and authorization for secure transactions.
⭐Used XAMPP for backend database management and Eclipse IDE for coding.

- Designed and implemented a user-friendly railway ticket booking system that handled real-time seat availability and booking. As a result, the system reduced booking time by 60% and eliminated double-booking issues.
- Successfully developed a railway ticket booking system that allowed users to book tickets online efficiently and without errors.

Online shopping System

07/2024 - 07/2024 Bihār, India

⭐Developed an e-commerce platform using JSP, Java, JavaScript, HTML, and SQL database.
⭐Implemented features such as product listing, shopping cart, payment gateway, and order management.
⭐Integrated user authentication and authorization for secure transactions.
⭐Used XAMPP for backend database management and Eclipse IDE for coding.

- As a result of my work, **[positive outcome]** was achieved, which led to **[impact/result]**.

KEY ACHIEVEMENTS

Your Achievement

Motivated BCA graduate with hands-on experience in full-stack web development, specializing in Java, JSP, and SQL. Completed a successful internship at InternPe, where I developed functional web applications, including an online shopping system and airline management system. Seeking to leverage technical expertise in a challenging software development role.

EDUCATION

Bachelor of Computer Application(75%)

S.N Sinha College Jehanabad,Magadh University,BodhGaya

08/2021 - 10/2024

Intermediate(65%)

S.N Sinha College Jehanabad,Magadh University,BodhGaya

03/2019 - 02/2021

PASSIONS

I am passionate about using technology to solve real-world problems. Building solutions that impact lives and improve efficiency is what drives me every day.

I believe in the power of education to transform lives. My passion lies in making quality learning accessible and engaging for all.
