Education

Arcade Business College,Patliputra University — Patna
Degree in BCA — august 2021 - july 2024
Percentage: 62%

S.M.D. College — Patna
Higher Secondary physics Chemistry & maths — april 2019 - march 2021
Percentage: 61%

NIET — Greater Noida
Degree in Degree in Master of Computer Applications (MCA) Pursuing — 2025 - 2027

Skills

Programming Languages:	C++, java, python, SQL, HTML/CSS, JavaScript
Tools / Platforms:	VS code
Databases:	Oracle 10g

Projects / Open-Source

College Library management system — *Vb 6.0,Oracle 10g*
. With this project I am aiming to solve problem of store and fetch data of Library smoothly with the help of software.
.This software works in offline mode.

Responsive food delivery website — *HTML,CSS*
With this project I am trying to understand the working behaviour of HTML and CSS.

Hotel Menu — *python*
Hotel Menu Ordering System Python (Console-Based)
Developed a console-based hotel menu system in Python that allows users to browse menu items, place orders, calculate total bills, and display receipts. Utilized control structures (loops, conditionals), functions, and file handling to manage menu data and order history. Focused on clean code structure and user-friendly interaction.

Library Management System — *(Java + SQL)*
Developed a console-based application to manage books, issue/return system, and student records using OOP and SQL queries

Student Record Management System — *Java*
Created a menu-driven program to manage student data with file handling and exception handling
