OBJECTIVE

Enthusiastic Computer Science and Business Systems student with hands-on exposure to SQL, basic Python, and data visualization tools such as Tableau and Qlik. Interested in working with data to identify patterns and generate insights. Looking for an entry-level Data Analyst role to apply and further develop analytical skills in a practical environment.

EDUCATION

- **Bachelor of Technology — Computer Science and Business Systems**, Noida Institute of Engineering and Technology, Greater Noida *Nov 2022 – Present*
- **XII (CBSE)**, Bharat Ram Global School, Greater Noida *2022*
- **X (CBSE)**, Bharat Ram Global School, Greater Noida *2020*

EXPERIENCE

- **Data Analyst Intern — Capgemini, Noida** *Apr 2026 – Present*
  Working with SQL and Python to perform data extraction, basic analysis, and data handling tasks.
  Creating visualizations and dashboards using Tableau and Qlik to represent insights from datasets.
  Developing understanding of data cleaning, transformation, and analytical workflows in a business environment.
- **SQL Intern — Celebal Technologies, Remote** *June 2025 – Aug 2025*
  Worked with SQL Server Management Studio (SSMS) to write, test, and execute queries for data extraction and manipulation.
  Gained experience in query writing, handling tables and joins, and basic query optimization.
- **Intern — Edunet Foundation, Remote** *Jul 2024 – Aug 2024*
  Performed data visualization and built simple chatbots using IBM Cloud.
  Gained practical exposure to cloud-based tools and AI concepts behind chatbots.
- **UI/UX Designer Intern — The Moronss, Remote** *Apr 2024 – Jun 2024*
  Created app and webpage designs in Figma.
  Prepared UI/UX analysis reports and PRDs for multiple applications to document user interface insights and requirements.

PROJECTS

- **Sorting Visualizer**
  Developed a web-based tool in a team of two to visually demonstrate various sorting algorithms. Implemented algorithms including Bubble Sort, Merge Sort, Quick Sort, Heap Sort, Insertion Sort, and Selection Sort using HTML, CSS, and JavaScript. Designed an interactive and educational interface to help users understand algorithm behavior.
  Live Demo: Sorting Visualizer

SKILLS

Programming Languages: C/C++, SQL, Python (Basic)
Data Analysis & Visualization: Tableau, Qlik Sense, Microsoft Excel
Databases: MySQL, Oracle SQL
Soft Skills: Analytical Thinking, Problem Solving, Detail-Oriented, Time Management
