SUMMARY

Motivated and detail-oriented Computer Science and Business Systems student with a strong foundation in programming, system administration, and cloud technologies. Passionate about DevOps practices. including CI/CD, containerization, automation, and infrastructure as code. Eager to contribute to building scalable, reliable systems while bridging the gap between development and operations. Committed to continuous learning, collaboration, and delivering efficient digital solutions.

TECHNICAL SKILLS |SOFT SKILLS

Programming Languages: C, C++, Java
Web Technologies: HTML, CSS, JavaScript, MongoDB, Postman API, CRUD functionalities
Cloud & Devops Tools: AWS (EC2, S3), Basic Kubernetes, Linux (Ubuntu), Git & GitHub, Docker(basic), Postman
Core CS Subjects: Operating Systems, DBMS, Data Structures, Computer Networks, Information Security
Communication & Public Speaking,Leadership & Team Collaboration,
ProblemSolving &CriticalThinking,Adaptability & Time Management

EXPERIENCE

Ticket Booking System

Built a Ticket Booking System using Node.js and Express with user registration functionality. Integrated MongoDB Atlas (cloud database) for secure and scalable data storage.

Contact Management System

Developed a Contact Management System using Node.js, Express.js, MongoDB, and vanilla JavaScript with a responsive frontend. Implemented full CRUD functionality for managing contacts, integrating RESTful APIs and MongoDB for persistent storage.

CERTIFICATIONS

Introduction to Artificial Intelligence - IBM (Feb 2023): Gained foundational knowledgeof AI including machine learning,neural networks, NLP, and ethical AI.
Python Basics - University of Michigan (Feb 2023): Covered fundamental Python programming concepts with practical experience. Critical Thinking Skills - University of California (May 2023): Developed analytical skills for business decisions.
Introduction to Data Analytics - IBM (May 2023): Proficiency in data collection, visualization, and basic statistical analysis. Agile ProjectManagement - Google(Nov 2023): LearnedAgile, Scrum, Kanban,sprint planning, and collaboration.
Data Analysis with Python - IBM (Nov 2023): Mastered Pandas, NumPy, and Matplotlib for data manipulation. Data Structures - University of California (Feb 2024): Studied arrays, linked lists, trees, graphs, etc.

EDUCATION

Noida Institute of Engineering and Technology (NIET) 1022 - 2026
B.Tech in Computer Science and Business System I CGPA: 7.02

Crosthwaite Girls Inter College 2020 - 2021
Class 12th - 2021 I Percentage: 64.33%

Crosthwaite Girls Inter College 2018 - 2019
Class 10th - 2019 I Percentage: 65%

ADDITIONAL INFORMATION

- Languages: English, Hindi
- Internship: Backend Developer Intern at Prodesk IT, Noida.
