Objective

Ambitious engineering student with a passion for continuous learning. Seeking opportunities to expand technical skills and contribute to a dynamic team. Developing a strong foundation in both software development and business strategy. Eager to apply technical skills and business acumen to solve real-world challenges.

Experience

- Attended two-day workshop at IIT Delhi on Artificial Intelligence with Machine Learning 2024
  Completed an AI/ML workshop to gain foundational knowledge in artificial intelligence and machine learning principles.
- Software Development Engineer (SDE) Intern – Bluestock Fintech Sep 2025 – Oct 2025
  Completed an internship at a fintech company, contributing to software development tasks and real-world engineering workflows. Gained hands-on experience in building and optimizing scalable applications. Worked with industry tools and practices in a production-oriented environment.

Project

- Movie Recommendation System (using Python, ML)
  Designed and implemented a Movie Recommendation System to suggest movies to users based on their viewing. history and preferences.
- URL Shortener (using HTML, CSS, JavaScript)
  Developed a URL Shortener to convert long URLs into shorter, more manageable links.
- SkillSync – Smart Job Recommendation System (using HTML, React, Tailwind, Node.js, Python)
  Developed a platform to intelligently match individuals with learning resources and collaborative projects based on their skills and interests, fostering personalized upskilling and peer-to-peer learning.
- DevOps Todo App (using Node.js, Docker, CI/CD)
  Built and deployed a lightweight RESTful Todo API using Node.js and Express. Containerized the application with Docker and implemented CI/CD pipeline to automate build, testing and deployment.

Education

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE AND BUSINESS SYSTEM
Noida Institue Of Engineering and Technology, Greater Noida
JUNE 2026

- Relevant coursework: Programming, Data Structures, Software Engineering and Business Management, Analytics and Project Management
- CGPA 8.34

CLASS X- 87.6%
A.M.N.M.Model School, Chetganj, Varanasi
CLASS XII
A.M.N.M.Model School, Chetganj, Varanasi

SKILLS AND CERTIFICATIONS

- Language: C++, Python, HTML, CSS, JavaScript, SQL
- Framework: React, Node.js, Spring boot
- Developer Tools: Git, Docker, VS code, Microsoft Azure, Google Cloud
- Soft Skills: Communication, Teamwork and Collaboration, Problem Solving, Critical Thinking
- Certifications: Introduction to Artificial Intelligence, IBM (Feb 2023)
  Python Basics, University of Michigan (Feb 2023)
  Critical Thinking Skills for the Professionals, University of California (May 2023)
  Introduction to Data Analytics, IBM (May 2023)
  Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate(Sep 2025)
