AVYUKT VASHISHTHA

Meerut , Uttar Pradesh
+91-9639593532 avyuktvashishtha@gmail.com Linkedin

PROFILE SUMMARY

Motivated and detail-oriented individual with strong problem-solving and analytical skills. Eager to learn, adapt, and contribute effectively in dynamic environments while continuously developing professional expertise.

EDUCATION

Vidya College of Engineering 2022 – 2026
B.Tech – Computer Science and Engineering (Data Science) - ***CGPA: 8*** Meerut, Uttar Pradesh
Senior Secondary School - K K PUBLIC SCHOOL 2022
CBSE Board - ***Percentage: 80%*** Meerut, Uttar Pradesh
High School - K K PUBLIC SCHOOL 2020
CBSE Board - ***Percentage: 79.8%*** Meerut, Uttar Pradesh

PROJECTS

AQI Prediction
- Developed a machine learning model to predict regional Air Quality Index (AQI) using historical environmental and meteorological data.
- Analyzed key features including temperature, humidity, wind speed, and pollutant concentration
- Performed data preprocessing, feature selection, model training, and evaluation to improve prediction accuracy.
- Classified AQI levels into Good, Moderate, Poor, and Hazardous categories to support environmental monitoring and public health awareness.

Excel Dashboard
- Built an interactive Excel dashboard by combining multiple datasets using Pivot Tables, charts, and formulas.
- Delivered quick insights and trend analysis to support data-driven decision-making.

Image Classifier
- Developed an Image Classification Web Application enabling users to upload images and receive instant predictions using a Deep Learning (TensorFlow) model with confidence scores.
- Built a responsive dashboard UI using HTML and Tailwind CSS, featuring image preview and Top-5 prediction outputs ranked by confidence.

TECHNICAL SKILLS

Languages: Python (with AI), C, HTML5, CSS, SQL
Python Libraries: NumPy, Pandas, Matplotlib, and Seaborn
Tools & Platforms: Power BI, MS Excel, Google Sheets, Google Colab
Developer Environment: VS Code, Jupyter Notebook, Replit, CANVA, GitHub

INTERNSHIP

HCL TECH - Data Engineering Intern Apr 2025 - Jun 2025

- Successfully completed a 3-month project-based skilling and internship program on **Data Engineering with Analytics and Visualization**. Developed Python projects and visualization deliverables.

PySpider - Data Analyst Intern Sep 2025 - March 2025

- Performed data cleaning and preprocessing using Python, Excel, and SQL.
- Analyzed datasets to identify trends and patterns.
- Created data visualizations, reports, and basic dashboards for insights.

CERTIFICATIONS

- CDAC - Future Skill Prime
- Python with AI - AI For Techies
- Cyber Security - AKTU & UP Police
- Fundamental Python Programming - Great Learning
- Power BI – Be10x
- CodSoft Internship – Software Development
- SQL Beginner – ORACLE DEV GYM
- Career Essentials in Data Analysis – Microsoft & LinkedIn
- Data Analytics Courses – LinkedIn
