# SUHANI SINGH

MEERUT, UTTAR PRADESH

+91-7668030390 singhsuhani3445@gmail.com linkedin github

## EDUCATION

**Vidya College of Engineering, Meerut, UP** **2022 – 2026**
***Bachelor of Technology in Computer Science*** *GPA: 8.03*

**The Doon Valley Public School, Deoband** **2021 – 2022**
***Class XII – CBSE Board*** *80.2%*

**The Doon Valley Public School, Deoband** **2019 – 2020**
***Class X – CBSE Board*** *85.8%*

## PROJECTS

### EXCEL DASHBOARD

- Developed a dynamic Microsoft Excel dashboard to analyze and visualize large datasets using advanced Excel formulas, Pivot Tables, Pivot Charts, and slicers. Transformed raw data into actionable insights, enabled interactive reporting, and supported data-driven decision-making through automated analysis and clear visualizations.

### RAILWAY LOCO LINK OPTIMIZATION

- Developed a Railway Loco Link Optimization System using Django and PostgreSQL to manage locomotive link planning efficiently. Implemented modules for train scheduling, scenario creation and handling, and optimization result visualization. Designed backend logic to process operational constraints and generate optimized locomotive link solutions, improving resource utilization and supporting data-driven railway planning decisions.

### AQI PREDICTION

- A Machine Learning model to predict Air Quality Index (AQI) using Python. Performed data preprocessing and feature engineering with Pandas and NumPy, trained and evaluated regression models using Scikit-learn, and visualized model performance using Matplotlib to support proactive environmental monitoring and data-driven insights.

## TECHNICAL SKILLS

- **Programming Languages:** Python (AI/ML), C, SQL
- **Frameworks & Databases:** Django, PostgreSQL
- **Data Analysis & Libraries:** Pandas, NumPy, Matplotlib, Seaborn, OpenPyXL
- **Tools & Platforms:** Power BI, MS Excel, Jupyter Notebook
- **Version Control:** Git, GitHub

## INTERNSHIPS

- **HCLTech** – Data Engineering Intern Apr 2025 – Jun 2025
  - Developed ETL pipelines, cleaned and analyzed data using Python and SQL, and built Power BI dashboards for business insights.
- **Centre for Railway Information Systems (CRIS)** – Project Intern Jul 2025 – Aug 2025
  - Built a Django–PostgreSQL web interface for railway optimization workflows in collaboration with railway engineers.
- **QSpiders** – Data Analyst Intern Sep 2025 – March 2026
  - Analyzed datasets using Excel, SQL, and Python; performed data cleaning, EDA, and visualization for insights.

## CERTIFICATIONS

- **Data Engineering with Analytics & Visualization** – HCLTech
- **Career Essentials in Data Analysis** – Microsoft & LinkedIn
- **Data Analytics (3 Modules)** – LinkedIn Learning
- **Python for AI and Fundamentals** – Great Learning
- **Power BI** – Be10x
- **Machine Learning Workshop** – Softpro India Computer Technologies (AKTU)
- **React Lifecycle Methods** – SkillRisers
- **Big Data** – CDAC
- **Cyber Security** – AKTU / UP Police
