RAMNEET SINGH

Aspiring Data Analyst

Email: ramneetsingh254@gmail.com | Location: Noida, India

Professional Summary

Data Analyst aspirant and B.Tech Computer Science (Data Science) student with strong skills in Python, SQL, and data visualization. Experienced in data cleaning, data analysis, and dashboard creation using tools like Power BI and Excel. Passionate about turning raw data into meaningful insights for decision-making.

Technical Skills

Programming: Python

Libraries: NumPy, Pandas

Data Visualization: Matplotlib, Seaborn, Power BI

Database: SQL

Tools: Microsoft Excel

Concepts: Data Cleaning, Data Analysis, Dashboarding

Education

B.Tech in Computer Science (Data Science)
Meerut Institute of Engineering & Technology (MIET), Meerut
Graduating: 2026

Class 12th – Science Stream
Delhi Public School
Percentage: 80.4%

Class 10th
Delhi Public School
Percentage: 83%

Experience

Data Analysis Trainee
QSpiders (Training Program)
March 2026 – Present

- Learning practical data analysis techniques using Python and SQL.
- Working with data manipulation and visualization libraries such as Pandas, NumPy, Matplotlib, and Seaborn.
- Developing skills in data cleaning, exploratory data analysis, and dashboard preparation.
- Practicing SQL queries and Excel-based data analysis for business datasets.

Projects

Sales Data Analysis Dashboard

- Cleaned and analyzed sales dataset using Python library Pandas.
- Built interactive dashboard using Power BI.

Customer Data Analysis on Dataset

- Cleaned and analyzed dataset by using python library pandas.
- Used MySql workbench for some queries.
- Connected Mysql from the Power Bi
- Used Power Bi for making interactive dashboard.
