ADITYA UPADHAYA

Dehradun, India | +917500547700 | adityaupadhayay040@gmail.com | Linkedin | github

Summary

B.Tech Computer Science (Al) student with hands-on experience in Machine Learning, Python, and Cloud Computing. AWS Cloud Solution Architect ,AWS Cloud Practitioner and Azure Al Fundamentals certified. Strong foundation in Data Structures, DBMS, and OOPs. Seeking an entry-level role in Cloud, AI/ML, or Software Development.

Experience

Ediglobe
Al Intern | 07/2025 - 09/2025

- Developed and trained ML models using Python, achieving 92% accuracy
- Reduced false positives by 30% through data preprocessing and feature engineering
- Improved model performance by optimizing algorithms and evaluation techniques

Education

Graphic era university | Dehradun
B.Tech CSE (AI) | CGPA: 7.34 | 07/2022 - 07/2026

KLG Public School
Secondary school | Percentage: 73.6 | 07/2021 - 07/2022

KLG Public School | Saharanpur
High school | Percentage: 77 | 07/2019 - 07/2020

Skills

OOPS, C, SQL, Linux, Azure, Pandas, Docker, DBMS, C++, Deep Learning, TensorFlow, DevOps, NumPy, Data Structures, Python, AWS (EC2, S3, IAM), Java, VPC

Projects

Dockerized web application deployed on an AWS EC2 instance

- Containerized a Node.js web application using Docker
- Deployed the application on AWS EC2 instance
- Managed Docker images and registry using Docker Hub
- Configured Security Groups and port mapping for public access

SMS Spam Detection

- Developed a supervised ML model to classify spam SMS messages
- Applied text preprocessing and TF-IDF vectorization
- Implemented classification algorithms for accurate spam detection
- Tech: Python, Scikit-Learn, NLP

CERTIFICATION

AWS Certified Solutions Architect – Associate

- Designed and implemented scalable, secure cloud architectures using EC2, S3, IAM, and VPC services on Amazon Web Services

AWS Certified Cloud Practitioner

- Demonstrates technology readiness

Tableau Desktop Foundations Salesforce | 02/2026

- Built interactive dashboards and performed data visualization using Tableau

Microsoft Azure Al Fundamentals (AI-900) - Certified

- Learned core Azure Al services and. responsible Al principles
