SUMMARY

Full Stack Developer skilled in building responsive and scalable web applications. Proficient in MERN stack and REST APIs, with a strong focus on performance, usability, and clean code. Passionate about developing efficient solutions and continuously improving development skills.

EXPERIENCE

Paytm (One97 Communications Limited) JULY 2025 – Aug. 2025

TG01 Intern Noida

- Worked on and learned frontend module development for an internal compliance system using HTML, CSS, and JavaScript, enhancing usability and performance.
- Learn to implement an OpenAI-based chatbot to translate natural language into SQL queries, enabling faster data access.

PROJECTS

AI Powered Image Similarity Search and Recommendation System

- Developed a full-stack e-commerce platform with product listing, cart management, and order summary functionality.
- Designed and integrated RESTful APIs using Node.js and Express.js and connected MongoDB for efficient data handling.
- Built responsive UI components and implemented dynamic state management to enhance user experience.

Blog Application

- Built a full-stack blog platform enabling authenticated users to create, edit, and delete posts.
- Implemented secure user authentication and authorization with efficient backend API design.
- Integrated MongoDB database and developed responsive frontend using React.

Track Waste Management System

- Developed a full-stack web application to connect citizens with waste management departments for reporting garbage-related issues.
- Implemented location-based complaint submission and real-time data storage using MongoDB and Express.js backend services.
- Built responsive user interfaces using React, HTML, and CSS to enable users to easily report and track waste conditions.
- Designed RESTful APIs and ensured efficient data handling to improve communication between public users and authorities.

EDUCATION

IMS Engineering College 2022 – 2026

Bachelor of Technology in Computer Science

Maharshi Dayanand Vidypeeth Ghaziabad (Class XII) 2021

Class XII (UP BOARD) – 85.66%

Maharshi Dayanand Vidypeeth Ghaziabad (Class X) 2019

Class X (UP BOARD) – 84.16%

SKILLS

Languages: Java, Python
Frontend: React.js, HTML, CSS, JAVASCRIPT
Backend: Node.js, Express.js, REST API Development, JWT Authentication
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code
