PROFESSIONAL SUMMARY

Computer Science graduate and Full Stack Developer with hands-on experience in building full-stack web applications using React.js, Node.js, Express.js, and MongoDB/MySQL. Skilled in REST API development, JWT authentication, and role-based access control (RBAC). Experienced in workflow automation using n8n and developing AI-based solutions such as chatbots. Strong understanding of backend development, database management, problem solving, and system design with the ability to build efficient and user-friendly applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, Python, AL
Frontend: HTML5, CSS3, React.js, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, REST APIs, JWT Authentication, API Integration
Databases: MongoDB, MySQL
Automation & Tools: n8n, Git, GitHub, Postman, Figma
Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS), Problem Solving
ERP: MS Dynamics 365 Business Central, RDLC Reports

INTERNSHIP EXPERIENCE

Full Stack Developer Intern Jul 2025 – Aug 2025
Croma Campus, Noida

- Developed full-stack applications using Java, Spring Boot, and MySQL
- Designed REST APIs and implemented CRUD operations
- Optimized database queries for better performance

PROJECTS

Library Management System (LMS) — MERN — **Live**

- Developed role-based LMS with Admin and Student portals using JWT authentication and RBAC
- Implemented features like book management, issue/return system, fine calculation, and dashboards
- Designed REST APIs and integrated frontend with backend using Axios with proper error handling

InterviewIQ.AI – AI-Powered Interview Simulation Platform — MERN — **Live**

- Built full-stack AI platform for resume analysis and mock interviews using Generative AI
- Integrated OpenRouter APIs for real-time feedback on responses and resume quality
- Implemented JWT authentication and credit-based system for user access control
- Designed responsive UI with Tailwind CSS and Framer Motion for smooth user experience

StyleHive – E-Commerce Website — HTML, CSS, JavaScript — **Live**

- Built fully responsive e-commerce platform with dynamic product listing and category filtering
- Implemented complete shopping cart system with real-time updates using vanilla JavaScript

Employee Payroll Ledger — MS Dynamics 365 Business Central, AL, RDLC — **GitHub**

- Developed a custom payroll extension including Employee Master, Setup, and Ledger tables
- Implemented salary calculation logic and automated number series generation
- Designed and generated payslip reports using RDLC for accurate payroll processing

AI Automation Workflows — n8n

- Designed automation workflows using n8n with API integrations, triggers, and webhooks
- Automated tasks like email notifications, data processing, and third-party integrations

EDUCATION

B.Tech – Computer Science 2022 – 2026 Dr. A.P.J. Abdul Kalam Technical University, Lucknow
Class XII – Science (BSEB) 2020 M.V.G. High School
Class X (BSEB) 2018 M.V.G. High School

CERTIFICATIONS

Java Full Stack Development – Croma Campus
Cisco Certified Network Associate (CCNA)
IIOT – Thing Worx
