Professional Summary

Final-year Computer Science student with hands-on experience in full-stack and iOS application development. Skilled in building scalable real-time applications using React.js, Node.js, Express.js, MongoDB, and Swift. Experienced in RESTful APIs, JWT authentication, WebSocket communication, and frontend-backend integration with strong problem-solving abilities.

Education

Bachelor of Technology (CSE) (CGPA: 8.68/10)
Galgotias University, Greater Noida, India — *Sept 2022 – May 2026*

Intermediate (BSEB) (76.8%)
Tp Verma College, Narkatiaganj, Bihar, India — *Apr 2020 – Feb 2022*

High School (CBSE) (71.2%)
Rajhans Public School, Ramnagar, Bihar, India — *Apr 2019 – Mar 2020*

Technical Skills

- **Languages:** Java, Swift
- **Frontend:** React.js
- **Backend:** Node.js, Express.js
- **iOS Development:** SwiftUI, UIKit
- **Database Systems:** MongoDB, Supabase
- **Developer Tools:** GitHub, VS Code, Xcode, Jira
- **Core Competencies:** Problem Solving, OOPs, Data Structures

Projects

Team Task Management System — MERN Stack

- Developed a full-stack Team Task Management application with role-based access for Admin and Member users.
- Built responsive frontend interfaces using React.js and integrated backend APIs using Axios.
- Developed backend APIs using Node.js and Express.js for task creation, assignment, status updates, and dashboard analytics.
- Managed cloud database operations using MongoDB Atlas and handled dynamic task data efficiently.

Experience

Manivis Private Limited — Freelance iOS Developer — *July 2025 – Feb 2026*

- Worked at a US-based organization developing a real-time application (QSMP).
- Implemented features such as live messaging, WebSocket communication, and real-time message translation.
- Designed and developed responsive UI, handled real-time data updates, and improved application performance.
- Collaborated with backend teams to integrate APIs and ensure smooth data flow in a scalable system.

Infosys Limited — iOS Developer Intern — *March 2025 – April 2025*

- Developed scalable iOS applications using Agile methodology, ensuring adaptability and efficient project management.
- Gained proficiency in Jira for task tracking and improved presentation skills by delivering insights to larger audiences.

Certifications & Achievements

- Swift Student Challenge Winner — *April 2025*
- Data Engineering Virtual Internship by AWS — *Sept 2024*
- Database Management with SQL by Oracle Academy — *Sept 2023*
