PROFESSIONAL SUMMARY

Final-year B.Tech CSE (AIML) student with foundational knowledge of Python, SQL, and Object-Oriented Programming. Experienced in building web applications using HTML, CSS, and JavaScript through projects and internship work. Eager to learn new technologies and contribute as a Software Development Engineer.

TECHNICAL SKILLS

Programming and DSA
- Python
- Java (Basics)
- Basic Data Structures (Arrays, Strings, Recursion)

Web Technologies
- HTML, CSS, JavaScript
- REST APIs

Databases
- MySQL
- SQL (JOINs, GROUP BY, Subqueries)

Tools & Platforms
- Postman
- Git & GitHub
- VS Code
- Jupyter Notebook

INTERNSHIP EXPERIENCE

Frontend Developer Intern - Butterfly Software LLP Jul 2025 – Sep 2025
AI Image Generator Mohali, Punjab
- Developed a web application interface for an AI image generation tool using HTML, CSS, and JavaScript.
- Integrated an image generation API to dynamically fetch and display generated images.
- Worked on user interface design and DOM manipulation to enhance user interaction.
- Tested different prompts and ensured correct rendering and display of generated images.

PROJECTS

Agro-Assist – AI-Powered Agricultural Assistance Platform

- Developed a full-stack web application for crop recommendation and disease detection.
- Integrated machine learning prediction models using Python with Flask to handle API requests.
- Implemented image upload and prediction workflow with input validation.
- Processed and validated backend data using SQL queries.
- Technologies: Python, Flask, TensorFlow, OpenCV, HTML, CSS, JavaScript

Tourist and Travel Website
- Developed a dynamic web application for travel discovery and destination browsing.
- Implemented filters, forms, and client-side validation using JavaScript.
- Designed a responsive and user-friendly interface using HTML and CSS
- Ensured proper data handling between frontend and backend.
- Technologies: HTML, CSS, JavaScript, Node.js, MySQL

EDUCATION

B.Tech – Computer Science Engineering (AIML), *IMS Engineering College* Sep 2022 – Present
SGPA: 8.12 Ghaziabad

Class 12, *AVN Inter College* 2022
Bijnor

Class 10, *AVN Inter College* 2020
Bijnor

ACHIEVEMENTS

- **Runner-Up** – Hackathon 4.0, GL Bajaj Institute of Management
- **Finalist** – Bharat Shiksha Expo 2025
- **Top 5** – Build & Beyond: Innovate Through Code, IMS Engineering College

CERTIFICATIONS

- **Data Analytics Using Python** –
  Skillisers Infotech
- **Java Bootcamp** – LetsUpgrade

STRENGTHS

- Strong analytical and logical problem-solving abilities
- Attention to detail in debugging and code validation
- Quick learner with adaptability to new technologies
- Effective teamwork and communication skills
