Sarthak Maheshwari

MCA Graduate | Java Developer

+91-9568061809 sarthakmaheshwari3314@gmail.com linkedin.com/in/sarthakmaheshwari

Summary

MCA Graduate with strong knowledge of Core Java, Spring Boot, REST APIs, Hibernate, and MySQL. Experienced in building backend applications with Angular-based frontends. Passionate about software development and problem-solving with a solid foundation in OOP, DSA, and DBMS.

Skills

- **Programming:** Core Java, Collections Framework, Multithreading, JDBC, Python, JavaScript, TypeScript
- **Backend:** Spring Boot, Spring MVC, REST APIs, Hibernate, JPA
- **Frontend:** HTML, CSS, Tailwind CSS, Angular
- **Database:** MySQL, MongoDB, SQL
- **Tools:** Git, GitHub, Maven, Postman, Swagger
- **CS Core:** Object-Oriented Programming, Data Structures, Algorithms

Education

Master of Computer Application **2024 – 2026**
Madan Mohan Malaviya University of Technology, Gorakhpur *CGPA: 7.91 / 10*

Bachelor of Computer Application **2021 – 2024**
Govt. College of Commerce & Business Administration, Chandigarh *72.3%*

Projects

TaskFlow – Task Management System | *Spring Boot, MySQL, JPA/Hibernate, Thymeleaf* **June 2026**

- Built a Spring Boot and MySQL-based task management app with full CRUD operations for task creation, update, and deletion.
- Implemented status tracking, dashboard analytics, and progress monitoring across task workflows.
- Applied JPA/Hibernate for data persistence using a layered Controller–Service–Repository architecture.
- Designed a responsive frontend with Thymeleaf, HTML, CSS, and JavaScript.

SkinScope – AI-Based Skin Disease Detection | *Python, PyTorch, ResNet-50, Flask* **Apr 2026**

- Developed an AI-powered web app for automated skin disease detection using deep learning.
- Applied transfer learning with ResNet-50 for multi-class image classification of skin conditions.
- Built an end-to-end pipeline covering image preprocessing, model inference, and result visualization via Flask.
- Improved model reliability using confidence scoring and uncertainty handling mechanisms.

Socket Chat | *Java, Multithreading* **Oct 2025 – Dec 2025**

- Built a real-time group chat app in Java using socket programming and multithreading.
- Handled 10+ concurrent users with thread-safe message broadcasting and 95% lower latency vs. baseline.

Certifications

- **Java (Basic)** – HackerRank
- **SQL (Basic)** – HackerRank
- **Employability Enhancement Programme** – Infosys

Extra-Curricular Activities

- **Merit Certificate, State-Level Camp (Gujarat):** Represented college in inter-college cultural and social skills activities at a state-level event.
- **Team Leader, Media Dept., CII Fair Chandigarh:** Led a team of 4 to manage media coverage, photography, and event documentation.
- **NSS Volunteer (2022–2024):** Contributed to community development, social awareness drives, and campus outreach programs.
