B.Tech(CSE) Ghaziabad, UP
(affiliated with Dr. A.P.J. Abdul kalam Technical University, Lucknow)
CGPA:- 8.75 (till 7th semester)

Dewan public school(CBSE) 2022
class 12th Hapur, UP
84.8%

Dewan public school(CBSE) 2020
class 10th Hapur, UP
80.5%

SKILLS

Java	Python	Al and ML
Data analysis with Python	HTML	CSS

PROJECT

Food expiry Tracker

- Developed a food inventory tracking system that helps users manage household food items and monitor expiry dates.
- Implemented funcitonality to store product details such as name, quantity, and expiry date. Aim to reduce food wastage and improve household inventory management .
- Created an intuitive interface to allow users to add, update, and remove food items easily.

URL Shortener

- Developed a full-stack URL Shortening service that conerts long URLs into compact and shareable links.
- Implemented a Spring Boot backend to handle URL generation, database storage, and redirection logic. Integrated JWT-based authentication to provide secure user login and access control.
- Added URL validation and duplicate link detection to improve reliability.

CERTIFICATE

- Data analytic
- Summer Internship(on DSA Pre Placement)
- Artifical Intelligence
