KRISHNA SHARMA

+91 9971582798 | krishnasharma8925@gmail.com | GitHub | Noida

Professional Summary

Computer Science undergraduate with strong foundations in Java, Python, SQL, and web technologies. Skilled in problem-solving, full-stack development, and data analytics through academic projects. Quick learner with strong communication, teamwork, and adaptability skills.

Technical Skills

Programming: Python, Java, SQL, HTML, CSS
ML Libraries: Scikit-learn, Pandas, NumPy, Matplotlib
Data & Visualization: Data Analysis, Data Visualization, Tableau, Power BI, MS Excel
Cloud & APIs: Conceptual understanding of Cloud Platforms (AWS, Azure, GCP), REST APIs
Core Subjects: Operating System | DBMS | Data Structures & Algorithms (Basics)
Professional Skills: Time management | Hardworking | Effective Communication | Adaptability

Projects

URL Shortener **Oct 2025 – Nov 2025**
Tech Stack: Java | JSP | Servlets | HTML | CSS | JavaScript | MySQL
Summary: Developed a Java full-stack URL shortener application that converts long URLs into compact links using JSP and Servlets, enabling efficient URL storage, retrieval, and management through database integration and a responsive user interface.

Brain Bloom – Student Performance Analyser **Jan 2026 – Feb 2026**
Tech Stack: Python | Machine Learning | Pandas | NumPy | Matplotlib | Seaborn | Scikit-learn | Streamlit
Summary: Developed an AI-based student performance analysis system that processes academic datasets to predict outcomes and classify students into performance bands (Red, Yellow, Green).

Amazon Sales Data Model **May 2025**
Tech Stack: Tableau | PowerBI
Summary: Developed a fully functional tableau dashboard in which the sales data is segregated and can be used for the prediction purpose and reduces data ambiguity.

Education

Bachelor of Technology | IMS Engineering College | Ghaziabad **Nov 2022 - Present**
Domain: Computer Science and Engineering | **CGPA:** 7.32

Intermediate | Three Dots Sewamarg Public School | Aligarh **Apr 2021 – Mar 2022**
Stream: Science (PCM) | **Board**: CBSE | Percentage: 75%

High School | Three Dots Sewamarg Public School | Aligarh **Apr 2019 – Mar 2020**
Board: CBSE | Percentage: 92%

Achievement and Certifications

1. Completed a course on Python and MySQL from Ansh Institute.
2. Showcased my idea for an online auto booking app in Technomania Ideathon at Sharda Univeristy.
3. Completed 6 weeks training and internship on Data Analytics using Python conducted by Shapemyskills Pvt. Ltd.
4. Completed a workshop on Ethical Hacking at IIT Kanpur.
5. Showcased my idea of an Online Delivery App (Evershop) on the government listed problem in Smart India Hackathon.

Personal Attributes

Highly adaptable, hardworking, and a quick learner with problem-solving skills and effective communication, thriving in collaborative team environments.
