Dikshant Chauhan

Full Stack Java Developer

+91-9084958449 | dikshantchauhan93@gmail.com | linkedin.com/in/dikshant-chauhan | Github

CAREER OBJECTIVE:

Full Stack Java Developer skilled in Java, Spring Boot, and React, with experience in building scalable and secure web applications. Strong understanding of RESTful APIs, database management, and modern frontend development, with a focus on writing clean, efficient, and maintainable code.

EDUCATION

IMS Engineering College (Pursuing) **2024 – 2026**
Master of Computer Applications - (MCA) *- Ghaziabad*

Sunderdeep College of Management and Technology **2021 – 2024**
Bachelor of Computer Applications - (BCA) *- Dasna, Ghaziabad*

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, C

Frontend: React, HTML5, CSS3, Tailwind CSS

Backend: Spring Boot, RESTful API Development, MVC Architecture, Spring Data JPA (Hibernate)

Database: MySQL

Core Computer Science Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Operating Systems

Tools & Technologies: Git, GitHub, VS Code, IntelliJ IDEA, Postman

Soft Skills: Problem-Solving Ability, Effective Communication, Time Management

PROJECTS

CodeSphere (Online IDE Platform) | React, Spring Boot, Docker, MySQL

- Built a full-stack online code execution platform supporting 5+ programming languages, improving user experience through an interactive React-based interface.
- Implemented Docker-based containerized execution, ensuring secure and isolated runtime environments.
- Built RESTful APIs using Spring Boot and JPA, improving data retrieval and processing efficiency by 30%.
- Integrated AI-powered coding assistant, reducing manual effort in debugging and code generation.

Student REST API Management System | Java, Spring Boot, Spring Data JPA, MySQL

- Designed a Spring Boot REST API for managing student records with complete CRUD operations and MySQL integration.
- Implemented layered architecture, DTO pattern, JPA, and validation for clean and scalable backend development.

Blogify - A Blog Website | HTML, CSS, JavaScript

- Built a blog website with Local Storage for offline access, supporting create, edit, delete, and view operations.
- Designed a multi-page responsive UI for smooth navigation and better user experience.

EXTRACURRICULAR

- Actively practicing full-stack development (React + Spring Boot) through real-world projects.
- Participated in a JavaScript workshop focused on frontend development.

ACHIEVEMENTS

- Solved 100+ problems on LeetCode and improved problem-solving skills.
- Maintained an active GitHub profile with multiple projects demonstrating clean code practices.
