ABOUT

B.Tech Computer Science student with knowledge of Full Stack Web Development. Familiar with technologies such as HTML, CSS, JavaScript, React, Node.js, and MongoDB. Developed academic projects including a Medical Insurance Premium Prediction System and Full Stack Web Applications. Possess good problem-solving skills and a basic understanding of Data Structures and Algorithms. Interested in learning new technologies and improving development skills.

EDUCATION

IMS ENGINEERING COLLEGE , GHAZIABAD **2022 – 2026**

B.Tech - Computer Science and Engineering - ***CGPA - 7.8*** *Ghaziabad, Uttar Pradesh*

EXPERIENCE

Intern at IIIION Smart Tech Private Limited **May 2025 – August 2025**

Role – Frontend Developer *Hapur Road, Ghaziabad*

PROJECTS

AI-Based Electricity Demand Forecasting System **Oct 2025 – Present**

- Developing an AI-based electricity demand forecasting system using Python and XGBoost with historical and real-time weather data.
- Building a React dashboard and backend APIs using Node.js, Express.js, and MongoDB for data management and visualization.
- Integrating real-time weather APIs to enhance prediction accuracy and enable dynamic model updates.

PDI Pro | Full Stack Web Application **May 2025 – July 2025**

- Developed a full-stack PDI management web application using React, Tailwind CSS, Node.js, Express.js, and MongoDB.
- Implemented secure authentication (JWT), form validation, and REST APIs with database integration and Postman testing.

AI Driven Medical Insurance Premium Prediction | **Sep 2024 – Jan 2025**

- developed a machine learning model to accurately predict medical insurance premiums using personal health and lifestyle data.
- Enhanced efficiency and consistency of insurance pricing, addressing limitations of traditional manual calculation methods.
- Utilized Python, Scikit-learn, and data preprocessing techniques to train and evaluate prediction models.

TECHNICAL SKILLS

Languages: Java, Python, SQL, JavaScript
Technologies/Frameworks: HTML5, CSS3, React.js, Node.js, Express.js, MongoDB, MySQL, REST APIs, Bootstrap
Developer Tools: Git, GitHub, VS Code, Render, Vercel

CERTIFICATIONS

- Web Development Using React JS (6 Weeks) – CETPA Infotech Pvt. Ltd.
- Technology Job Simulation – Deloitte (via Forage)
- Getting Started with Machine Learning Algorithms – Simplilearn
