Career Objective

To obtain a challenging position as a **Web Developer** where I can apply my knowledge of **frontend and backend technologies** such as **HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB**. I aim to contribute to the development of efficient, responsive, and user-friendly web applications while enhancing my technical expertise, problem-solving skills, and professional growth within a dynamic team environment.

Skills

Frontend: JavaScript (ES6+), Java, HTML5, CSS3, react.js.

Backend : Express.js, Node.js

Database : mongodb, mysql

Tools: Git, GitHub, Visual Studio Code,.

Projects

Health & Wellness Web Page — HTML, CSS

Designed and developed a responsive static web page focused on Yoga and Wellness.

- Explained the benefits of Yoga along with descriptions of popular yoga poses
- Implemented a clean, user-friendly layout using semantic HTML and custom CSS.

Weather App — React.js

- Developed a responsive weather application using React.js to fetch real-time weather data from external APIs
- Implemented city-based search functionality with dynamic UI updates and error handling
- Designed a clean user interface for displaying temperature, weather conditions, and location details
- Deployed the application using GitHub Pages for public access

URL Shortener Web Application — MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Designed and tested RESTful APIs using **Express.js**, **MongoDB**, and **Postman** for reliable backend performance.
- Developed a full-stack web application to convert long URLs into short, shareable links.
- Built a **responsive frontend** with **React.js** for real-time URL generation and smooth user interaction.
- Ensured **data validation**, **error handling**, and optimized performance for better scalability.
- Focused on a clean, user-friendly interface with efficient link management.

Education

Graduation	B.Tech in Information Technology IMS Engineering College, Ghaziabad 2022 – Present
Class XII	Uttarakhand board in 2022
Class X	CBSE board in 2020

Certifications

Certification Course Front End Development - CSS Certification	(September 2024 - Present)
Front End Development - html Certification	(February 2024 - Present)
AINCAT 2025 - certification of participation	(May 2025 - Present)
DSA Pre Placement Training	(July 2025 – present)
