Skills:

- **Frontend** – HTML, CSS, WordPress
- **Backend** – SQL, MySQL, Python
- **Programming** – Python, Java
- **Relevant Coursework** – Cloud fundamentals, Operating System, Cyber security, Networking
- **Soft Skills** – Presentation skills, Teamwork and collaboration, Effective Communication, Problem-solving, Adaptability

Experience:

CANTILEVER – Python Programming Intern *July 2024 – Aug 2024 | Remote*

- Built desktop apps using Python and Tkinter, including a finance manager, contact book, and expense tracker.
- Used SQL and file handling for data storage and management.
- Added real-time data visualizations with Matplotlib.
- Applied modular design, error handling, and input validation for user-friendly software.

Projects:

Weather Website using API:

- Created a dynamic weather application integrating public weather APIs to display real-time forecasts, ensuring responsive UI and smooth data handling.
- Created a responsive weather application that fetches and displays real-time weather data using public APIs, with efficient API handling and error management.

Registration & Login Website:

- Developed a secure user authentication system with registration and login functionality, implemented password hashing, and integrated with an SQL database for data storage.
- Developed a Java-based secure authentication system with password hashing, SQL database integration, and robust input validation.

Achievements:

- Participated in GeeksforGeeks Hackathon – an 8-hour coding challenge focused on medical issues and their solutions; Collaborated with a team to design and prototype a website for tracking personal health and providing physical therapy guidance.
- Winner – Intercollege Technical Quiz Competition, IMS Ghaziabad

Education:

- **Noida Institute of Engineering and Technology** Greater noida
  Noida Bachelor of Technology – Computer Science and Engineering 2022-2026
- **Nilgiri Hills Public School** Noida
  12th Standard (CBSE) 2022
- **Nilgiri Hills Public School** Noida
  10th Standard (CBSE) 2020

Certifications:

- **Python Classes and Inheritance** – Coursera
- **Data Structures** – Data Structures and Algorithms, Coursera
- **Introduction to Artificial Intelligence** – IBM, Coursera
- **Design-Led Strategy** – The University of Sydney, Coursera
- **Cyber Security and Applied Ethical Hacking** – Infosys Springboard
- **Network Defense Essentials** – EC Council
- **React JS** – Infosys Springboard
