PROFILE SUMMARY

Motivated B.Tech Information Technology student with strong fundamentals in Java, Object-Oriented Programming (OOPs), SQL, and Web Development. Hands-on experience with MySQL Workbench for database design and querying, along with React.js-based frontend development. Passionate about writing clean, efficient code and solving real-world problems.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python (Basic), C (Basic)
- **Framework:** Spring Boot (Basic)
- **Core Concepts:** Object-Oriented Programming.
- **Database:** SQL, MySQL, MySQL Workbench (CRUD operations, Joins, Constraints)
- **Web Technologies:** HTML5, CSS3, JavaScript, React.js
- **Data Structures & Algorithms:** Arrays, Strings (Basic)
- **Tools:** GitHub, VS Code

PROJECTS

1. **Simon Says Game**

- The Simon Says Game is an interactive browser-based application developed using HTML, CSS, and JavaScript.Applied modular programming principles for better code structure.
- The project follows modular programming principles to maintain clean and well-structured code.

2. **Weather App**

- The Weather App is a React-based application that fetches real-time weather data using the OpenWeather API.
- Used component-based architecture and state management (useState).
- Displays real-time temperature, humidity, and weather conditions

SOFT SKILLS

- Strong Communication Skills
- Team Collaboration
- Problem-Solving Ability
- Time Management

EDUCATION

B.Tech in Information Technology - IMS Engineering College, Ghaziabad (70.67%)

Class XII(UP BOARD) - Devnagri Inter College(66.8%)

Class X(UP BOARD) - Devnagri Inter College(78%)

ACHIEVEMENTS & CERTIFICATIONS

- Future Intern – Java development (virtual Internship).
- Participated in college events, gaining teamwork & communication skills.
