MANISH KUMAR PANDIT

Aspiring LLM & Generative AI Engineer | BCA Student | Microsoft & IBM Certified
aimanish2030@gmail.com | India | github.com/aimanish2030 | LinkedIn Profile

PROFESSIONAL SUMMARY

Motivated BCA student specializing in Artificial Intelligence and Machine Learning with hands-on experience in Python, Machine Learning, and Azure AI. Certified by Microsoft, IBM, and NASSCOM. Passionate about building intelligent systems using Large Language Models (LLMs), RAG pipelines, and LangChain. Actively developing real-world AI projects and seeking internship/entry-level opportunities in Generative AI Engineering.

TECHNICAL SKILLS

Languages: Python, SQL
AI/ML Libraries: Scikit-learn, NumPy, Pandas, Matplotlib, Seaborn
Generative AI & LLM: Prompt Engineering, Azure OpenAI, Hugging Face, LangChain (Learning)
Cloud & Tools: Microsoft Azure, Azure AI Services, GitHub, VS Code, Jupyter Notebook
Databases: SQL

PROJECTS

House Price Prediction | Python | Scikit-learn | HTML — March 2026
- Built an end-to-end ML project predicting house prices using regression algorithms with live deployment
- Implemented data preprocessing, feature engineering, and model evaluation achieving strong prediction accuracy
- Deployed with an HTML frontend demonstrating full-stack ML project capability

Student Performance Prediction | Python | Scikit-learn | Pandas — February 2026
- Developed classification model predicting student academic outcomes based on behavioral and demographic data
- Applied EDA, data visualization, and model optimization using Logistic Regression and Random Forest
- Performed data cleaning, missing value treatment, and feature selection for improved model performance

Subscription Revenue Analytics | Python | Pandas | Matplotlib — January 2026
- Created analytics project tracking and visualizing subscription revenue trends using Python
- Performed statistical analysis and built interactive dashboards to derive actionable business insights

Wi-Fi Password Viewer | Python Automation — October 2025
- Developed Python automation script to retrieve saved Wi-Fi passwords on Windows systems
- Demonstrated OS-level Python scripting skills and automation capabilities

CERTIFICATIONS

Get Started with AI in Azure | Microsoft Learn — April 2026
Introduction to AI Concepts | Microsoft Learn — April 2026
GEN AI NASSCOM | SFJ - Let's Transform (NASSCOM) — April 2026
Machine Learning with Python Level 1 | IBM SkillsBuild — February 2026
Python 101 for Data Science | IBM SkillsBuild — February 2026
Getting Started with Artificial Intelligence | IBM SkillsBuild — February 2026

EDUCATION

Bachelor of Computer Applications (BCA) | IAMR Group of Institutions 2024 – 2027

- University: Chaudhary Charan Singh University
- Semester 1: 72% | Semester 2: 68%
- Relevant Coursework: Data Structures, DBMS, Python Programming, Computer Networks, OOP

ACHIEVEMENTS & ACTIVITIES

- Participant — MMGEIS Program by ISRO (Former Chairman AS Kiran Kumar) & Esri India (April 2026)
- 500+ LinkedIn connections | 1,500+ followers — Active AI/ML content creator and community contributor
- Completed 6 professional certifications from Microsoft, IBM, and NASSCOM within 3 months
