TECHNICAL SKILLS

Python
Java
C++
HTML
CSS
JavaScript
MySQL
Supabase
Netlify
Vercel
Git & GitHub
VS Code
ChatGPT
Claude
Codex
OpenCV
Pandas
NumPy
Scikit-Learn

CORE COMPETENCIES

Software Development Fundamentals
AI-Assisted Development
Machine Learning & Data Analysis
Problem Solving & Analytical Thinking
Teamwork & Collaboration
Communication Skills
Quick Learning & Adaptability
Time Management & Responsibility
Critical Thinking

CERTIFICATIONS

Python Programming – Udemy
Python with ML – Ducat
Front-End Development – Udemy
Claude Vibe Coding – Udemy

CAREER OBJECTIVE

Computer Science Engineering graduate with strong interest in Software Development, AI, Machine Learning and modern web technologies. Experienced in building practical projects, deploying applications and leveraging AI tools to improve productivity and problem solving.

PROJECTS

AI-Based Music Recommendation System
Developed a personalized recommendation engine using Machine Learning. Applied collaborative filtering, cosine similarity, data preprocessing and feature optimization using Pandas, NumPy and Scikit-Learn to improve recommendation quality.

Face Detection System
Built a real-time face detection application using Python and OpenCV. Implemented image-processing workflows and optimized performance for reliable detection under different lighting conditions.

Employee Management System
Designed a database-driven application with CRUD operations, search functionality and MySQL integration for efficient employee record management.

AI Chatbot Assistant
Developed an AI-powered chatbot capable of handling user queries and generating contextual responses. Utilized prompt-engineering techniques and modern AI workflows to enhance response quality.

Smart Visitor Analytics & Location Tracking System
Developed a web application that records visitor analytics and consent-based geolocation information after user permission. Integrated frontend forms with a cloud database dashboard for monitoring visitor activity and engagement metrics.

EDUCATION

Raj Kumar Goel Institute of Technology (RKGIT)
B.Tech CSE | CGPA: 7.0 | 2022–2026

Kalka Public School – Class XII: 75%
Kalka Public School – Class X: 60%

ACHIEVEMENTS & EXTRA CURRICULAR ACTIVITIES

Built multiple AI and software projects. Hands-on experience with deployment platforms such as Netlify, Vercel and Supabase. Actively explore AI, Machine Learning and modern software development practices through self-learning, certifications and project work.
