PROFESSIONAL SUMMARY

B.Tech Computer Science student (graduating 2026) with hands-on experience in full-stack web development and a background in IT recruitment. Proficient in HTML5, CSS3, JavaScript, React.js, and Python, with working knowledge of REST APIs, MySQL, and Git. Demonstrated ability to build responsive, user-friendly applications and solve complex problems. Actively seeking software engineering or IT roles where I can apply my technical skills and continue growing as a developer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Python (Flask), HTML5, CSS3, SQL

Frameworks & Libraries: React.js, Flask

Databases: MySQL, Database Design & Management

Tools & Platforms: Git, GitHub, VS Code, REST API Integration, ATS Platforms

Other: Excel (Advanced Dashboards), AI Automation Tools, Cross-Browser Compatibility, Debugging

PROJECTS

Authenticity Validator for Academia • HTML · CSS · JavaScript · Database Integration

- Built a certificate verification system to detect fraudulent academic credentials. Integrated database-backed validation logic, enhancing trust in credential authenticity with real-time detection.

Restaurant Website • HTML · CSS · JavaScript

- Designed and developed a responsive restaurant website with interactive UI, dynamic menu display, and smooth navigation using HTML, CSS, and JavaScript.

Digital Data Dashboard • Microsoft Excel · KPIs · Data Visualization

- Designed an interactive Excel dashboard featuring KPIs, dynamic charts, slicers, and data validation to analyze and present financial data effectively.

Real Time Inventory Management System • HTML · CSS · JavaScript

- Developed a fully functional Restaurant Inventory Management System with interactive dashboard, real-time stock tracking, recipe-based inventory deduction, supplier management, and data visualization using Chart.js.

WORK EXPERIENCE

NETCAMP | Web Development Intern *(Jan 2025 – Jun 2025)*

- Built responsive web pages and UI components using HTML, CSS, JavaScript, and React.js.
- Integrated third-party REST APIs to enhance application functionality and UI/UX performance.
- Collaborated with the development team following agile practices and version control via Git.

E-Solutions | Technical Recruiter (IT Roles) *(December 2025 – Present)*

- Achieved 70+ qualified candidate submissions within 2 months, managing high-volume IT hiring pipelines.
- Leveraged technical knowledge of software roles (frontend, backend, full-stack) to improve candidate screening accuracy.
- Used AI-powered automation tools to streamline sourcing, reducing time-to-shortlist.

EDUCATION

Raj Kumar Goel Institute of Technology *(2022 – 2026)*

B.Tech in Computer Science Engineering (7 CGPA)

- *Relevant Coursework: Data Structures, Operating Systems, Database Management Systems, Computer Networks*

NER Senior Secondary School (CBSE) *(2020 – 2022)*

- Higher Secondary – Class XII (Science)

ACHIEVEMENTS & CODING

- Consistently practiced DSA problems on platforms like LeetCode and HackerRank, improving logical thinking and coding efficiency
- Engaged in hackathons and technical workshops, gaining exposure to real-world problem solving and team collaboration
- Led team to secure 1st place in National Healthcare Event, Delhi (Group Dance) – highlighting leadership and teamwork
- Secured 2nd position in District Level Athletics Championship
