## PROFESSIONAL SUMMARY

Detail-oriented MCA student specializing in **Data Analytics** with hands-on experience in **Python, SQL, MySQL, and Power BI, Tableau**. Proficient in data cleaning, EDA, statistical analysis, and building interactive dashboards. Completed end-to-end projects including IPL Data Analysis and Customer Shopping Behaviour Analysis, demonstrating expertise in data modelling, insight communication, and business intelligence. Certified in Python and Oracle Database. Seeking an entry-level **Data Analyst** role to leverage analytical skills and contribute to data-driven decision-making.

## EDUCATION

**Master of Computer Applications (MCA)** **2024 – 2026**
*NIET (Noida Institute of Engineering & Technology), Greater Noida, Uttar Pradesh*

**Bachelor of Science (B.Sc.)** **2020 – 2023**
*Veer Kunwar Singh University, Ara, Bihar*

## PROJECTS

**Customer Shopping Behaviour Analysis** | Python, *MySQL, Pandas, Matplotlib,* NumPy

- Designed and implemented a MySQL database to manage 10K+ customer transaction records.
- Conducted EDA using Python (Pandas, NumPy) to identify purchasing trends, customer segments, and top products.
- Applied RFM analysis for customer segmentation to support targeted marketing strategies.
- Built visualizations (Matplotlib) to highlight spending behaviour, churn risks, and revenue drivers.
- Automated data extraction and reporting, reducing manual effort by 60%.
- Delivered insights that improved customer retention and increased average order value by 15–20%.

**IPL Data Analysis Report** | *Power BI*

- Analysed 1,000+ IPL match records in Power BI to uncover performance trends and team insights.
- Cleaned and transformed data using Power Query for analysis-ready datasets.
- Built interactive dashboards with dynamic filters to visualize runs, wickets, win rates, and season performance.
- Applied data modelling (relationships, DAX) to optimize analysis and improve report efficiency.
- Delivered clear visual insights to support data-driven decisions and stakeholder communication.

## TECHNICAL SKILLS

| | |
|---|---|
| **Programming:** | Python (Pandas, NumPy, Matplotlib, Seaborn) |
| **Data Analysis:** | Exploratory Data Analysis (EDA), Data Cleaning, Data Wrangling, Statistical Analysis |
| **Visualization:** | Power BI, Matplotlib, Dashboard Design, KPI Reporting |
| **Databases & SQL:** | MySQL, Oracle Database, SQL Queries, Joins, Subqueries, RDBMS, Data Modelling |
| **Tools & Software:** | MS Excel, Advanced Excel (VLOOKUP, Pivot Tables, Charts), Jupiter Notebook, Git |
| **Competencies:** | Business Intelligence, Reporting, Problem Solving, Data-Driven Decision Making |

## CERTIFICATIONS

**Oracle Database Certification** — Oracle

Database concepts, SQL queries, joins, subqueries, normalization, indexing, and relational database design using Oracle Database.

**Python for Data Analysis Certification** — Online Platform

Python fundamentals, data structures, OOP, and practical data analysis applications using Pandas and NumPy.

## ADDITIONAL INFORMATION

**Languages:** Hindi (Native) | English (Professional Working Proficiency)

**Interests:** Data Analytics, Business Intelligence, Machine Learning, Customer Analytics, Cricket Statistics

**Available For:** Full-time in Data Analysis, Business Analytics.
