Education

Raj Kumar Goel Institute of Technology — Ghaziabad, U.P - India
Bachelor of Technology in Computer Science and Engineering — *May 2026*

SJS Public School — Kasganj, U.P - India
12th Class - CBSE Board — *July 2022*

Technical Skills

Backend: Node.js, Express.js, RESTful API Design, Middleware, JWT Authentication
Databases: MongoDB (Schema Design, Aggregations), MySQL / SQL
Languages: JavaScript (ES6+), Java
Frontend: React.js, Tailwind CSS, Bootstrap
Tools: Git, GitHub, Postman, Render

Projects

Wanderlust - Holiday Rental Platform
Node.js, Express.js, MongoDB, RESTful APIs, MVC, Render
GitHub Repository

- Built and deployed a full-featured holiday rental application with RESTful routing, server-side rendering (EJS), and MongoDB persistence — deployed on Render
- Developed authentication and session management using Passport.js and express-session, enabling secure user registration, login, and protected route access
- Designed normalized MongoDB schema models for users, listings, bookings, and reviews, supporting scalable multi-entity relationships and reservation management
- Integrated middleware pipeline for input validation, error handling, and authorization checks across all CRUD routes for listings and reviews

Medicare - Medicine Delivery Platform
Node.js, Express.js, MongoDB, React.js, RESTful APIs, RBAC
GitHub Repository

- Architected RESTful APIs with Node.js/Express.js for end-to-end order lifecycle (placement, tracking, delivery) with JWT auth across 4 roles: customers, pharmacists, delivery staff, and admins
- Designed scalable MongoDB schemas for users, orders, inventory, and delivery tracking, enabling efficient querying and separation of concerns across roles
- Implemented role-based access control (RBAC) middleware to enforce granular permission logic, ensuring secure and isolated data access per user type
- Built a React.js dashboard for order and delivery management, consuming the backend APIs and providing real-time status updates

Certifications

- MERN Stack Development – Apna College
- Data Structures and Algorithms with Java – Apna College

Leadership & Involvement

Joint Secretary & Web Coordinator — Oct 2023 – Present
The Binary Club

- Increased engagement by 40% by organizing coding events and hackathons
- Led outreach and strategy initiatives, increasing student participation by 60%

Core Committee Member — Nov 2023 – Dec 2024
Computer Society of India

- Organized and managed 4+ seminars and workshops, improving hands-on technical exposure by 50%
