SUMMARY

Detail-oriented Computer Science undergraduate with a strong foundation in programming, problem-solving, and software development fundamentals. Adaptable and comfortable working in dynamic environments with strong analytical thinking. Eager to apply skills to real-world challenges and grow as a software professional.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, SQL, Python (Basic)

Backend Technologies: Spring Boot, RESTful API Development

Frontend Technologies: HTML5, CSS3, Bootstrap, React.js

Databases: Redis, PostgreSQL, MySQL, MongoDB (Basic)

Core Concepts: Object-Oriented Programming (OOPs), Java Collection Framework, Data Structures and Algorithms (DSA), Multithreading

Tools & IDEs: IntelliJ IDEA, VS Code, Git, Postman

PROJECTS

Nexus Digital Banking Platform | Java, Spring Boot, PostgreSQL, Redis

- Developed a high-performance banking system supporting real-time transactions and account management for thousands of users.
- Optimized server memory and sessions handling by **Redis**, ensuring a seamless experience across web and mobile devices.
- Secured sensitive user data by implementing **JWT authentication** and encrypted password storage to prevent unauthorized access.
- Engineered a responsive financial dashboard, providing users live updates and AI-powered spending insights.

Console–Based Tic-Tac-Toe Game with AI | Java, Algorithm, Web Socket

- Developed a console-based Tic-Tac-Toe game with an **unbeatable AI** opponent using the **Minimax algorithm with recursion**.
- Implemented both **single-player and multiplayer modes** with real-time gameplay through **socket programming**.
- Handled all **362,880 possible game states** efficiently.
- Showcased strong understanding of **core Java, OOP principles, algorithms, and networking concepts**.

EDUCATION

B.Tech in Computer Science (IoT) | Raj Kumar Goel Institute of Technology | 2022-2026 | CGPA: 7.0

INTERMEDIATE (CBSE)-Science | 2021 – 2022

J.K.G School | 77.6%

HIGH SCHOOL (CBSE) | 2019 – 2020

J.K.G School | 88%

CERTIFICATES

Programming in Python - Meta (Nov 2023)

Data Structures and Algorithms in Java - Ducat (Nov 2025)
