Rudra Pratap Singh

Data Analyst — Machine Learning Enthusiast — UX/UI Designer
+91-8527699468 —

Professional Summary

Computer Science graduate specializing in Data Analysis, Machine Learning, and user-centered design. Experienced in data cleaning, exploratory data analysis, dashboard development, and building ML-based recommendation systems. Skilled in translating raw data into actionable insights and designing intuitive user interfaces.

Education

B.Tech — Computer Science Engineering (AI & ML)
Raj Kumar Goel Institute of Technology (RKGIT)

Technical Skills

Programming: Python, SQL, HTML, CSS
Data Analysis: Pandas, NumPy, Excel, Data Cleaning, Exploratory Data Analysis
Visualization: Power BI, Tableau, Matplotlib, Seaborn
Machine Learning: Scikit-learn, Recommendation Systems, Model Evaluation
Design: Figma, Wireframing, Prototyping, User Research
Tools: Git

Experience

AI Engineer Intern — Qmansys Infosolutions LLP Jul 2025 – Oct 2025

- Developed an AI-based movie recommendation system using machine learning techniques.
- Collected and preprocessed movie datasets and implemented feature engineering.
- Applied collaborative filtering algorithms to generate personalized recommendations.
- Evaluated model performance and improved recommendation accuracy.
- Integrated the ML model with a graphical user interface.

Projects

Movie Recommendation System

- Built a recommendation engine using collaborative filtering and similarity algorithms.
- Processed movie datasets and implemented machine learning models in Python.
- Generated personalized recommendations based on user preferences.

Sales Data Analysis Dashboard

- Performed exploratory data analysis on sales datasets to identify key trends.
- Built interactive dashboards using Power BI to support business decision making.
- Visualized revenue patterns, customer segments, and performance metrics.

UX/UI Product Design Case Study

- Designed user-centric interfaces using Figma.
- Conducted user research and created wireframes and prototypes.
- Improved usability through iterative design and feedback.

Certifications

Data Analysis with Python
UX/UI Design Fundamentals
