Aditya Malik

C-906 Kw Shrusti(Raj nagar Extension), Ghaziabad
6398406078 | malikaditya936@gmail.com

Professional Summary

- Enthusiastic and detail-oriented B.Tech final-year student with strong analytical and problem-solving skill.Proficient in SQL, Excel, Power BI, Python and key machine learning libraries such as NumPy,Panda,Matplotlib, and Scikit-learn. Skilled in data cleaning, visualization, and interpretation to support data-driven decision-making. Passionate about leveraging data analytics and machine learning to uncover insights and contribute to innovative business solutions. Eager to apply academic knowledge in real-world projects and grow as a Data Analyst / Machine Learning Engineer.

Education

- **Raj Kumar Goel institute of technology, Ghaziabad** 2022-2026
  Bachelor of technology in computer science engineering
  7.3 CGPA
- **Maples Academy, Shamli** 2021
  Class 12th
  73%
- **Maples Academy, Shamli** 2019
  Class 10th
  83%

Experience

- **Softpro India pvt.Ltd** August 2025 - September 2025
  Internship
  Python with machine learning
  Developed ML models using python libraries including scikit learn and pandas.
  Applied regression and classification algorithm for data driven solutions.

Skills

- **Programming:**Python
- **Databases:**SQL
- **Machine Learning:**Classification and Regression Algorithms
- **Libraries:**Pandas,Numpy
- **Data Analysis & Visualization:**Power BI,MS-Excel
- **Artificial Intelligence:**Supervised Learning

Projects

- **Disease Prediction System | Machine Learning**
  Developed a machine learning based disease prediction system using python.Implemented classification algorithms to predict disease based on patient symptoms.Performed data preprocessing,feature selection and model evaluation to improve prediction accuracy.
- **Student Marks Predictor | Regression Model**
  Built a Predictive model to estimate student marks based on study hours.Applied regression techniques to analyze the relationship between input features & outcomes.Evaluated model performance using appropriate metrics.
- **Power BI Dashboard | Data Visualization**
  Designed interactive Power BI Dashboard to visualize and analyze data.Transformed raw data into actionable insights for better decision-making.Used filters,slicers and charts to improve data interpretation.

Achievements & Awards

- Achieved Gold Medals at both State and Zonal Level Kabaddi Competitions.

Certifications

- **Programming in python -(Coursera)**
  Covered Python basics,data structures,functions and problem solving.
