SUMMARY

Information Technology undergraduate with hands-on experience in Java, Spring Boot, REST APIs, and SQL. Strong understanding of Object-Oriented Programming, Data Structures, and Database Management Systems. Experienced in developing backend applications, implementing microservices concepts, and working with tools such as Git, GitHub and Eclipse. Possess strong analytical and problem-solving skills with a passion for learning new technologies and building reliable software solutions.

SKILLS

- **Programming & Scripting:** Java, SQL, C
- **Core Java:** OOPs, Collections Framework, Exception Handling
- **Frameworks & Technologies:** Spring Boot, REST APIs
- **Databases:** MySQL, Basic PL/SQL
- **Tools:** Git, GitHub, IntelliJ IDEA, Eclipse IDE
- **Core Concepts:** Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, Agile Methodology

PROJECTS

Credit Card Management System | Java, Spring Boot, Spring Cloud Config, Rest APIs

- Developed a application for managing customer, card, transaction, and reward operations.
- Designed and implemented 20+ REST APIs for card management and transaction-related functionalities.
- Implemented Spring Cloud Config Server for centralized configuration management across services.
- Applied Object-Oriented Programming principles to develop modular and maintainable code.
- Utilized Git and GitHub for version control and collaborative development.

E-Commerce Management System | Java, Spring Boot, MySQL

- Developed a backend application for managing products, customers, carts, and orders.
- Designed and implemented 15+ REST APIs for product management, order processing, and customer operations.
- Applied Object-Oriented Programming principles to create modular and maintainable code.
- Developed functionalities for adding products to cart, placing orders, and viewing order history.
- Implemented input validation and exception handling to improve application reliability.
- Utilized MySQL for storing and retrieving product, customer, and order information.
- Used Git and GitHub for version control and collaborative development.

EDUCATION

- Bachelor of Technology (Information Technology)
  JSS Academy of Technical Education, Noida | 2022 – Present | CGPA: 8.2
- Class XII – Kendriya Vidyalaya, Muzaffarnagar
  Percentage: 80% | 2021 – 2022
- Class X – Kendriya Vidyalaya, Muzaffarnagar
  Percentage: 88.4% | 2019 – 2020

CERTIFICATIONS

- Java Programming Fundamentals – Infosys Springboard
- Spring Boot & Microservices Certification – Udemy
- Gen AI Professional Certification – Oracle

ACHIEVEMENTS

- Strong analytical and problem-solving abilities with a focus on continuous improvement.
- Quick learner with the ability to adapt to new technologies and tools.
- Good understanding of software development, debugging, and troubleshooting.
- Effective communication and collaboration skills for working in team environments.
- Detail-oriented and committed to delivering high-quality solutions.
- Represented school at the Regional Level in Athletics, demonstrating teamwork, discipline, and consistency.
