ANUBHAV KUMAR

Ghaziabad, UP, India | +91-6395641956 | anubhavg12345@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate seeking a QA Engineer role. Adept at manual testing, API testing with Postman, and defect management using Jira. Familiar with STLC, SDLC, and Agile/Scrum methodologies. Eager to ensure software quality through systematic testing and continuous learning.

PROFESSIONAL EXPERIENCE

Python Backend Developer Intern — Qualitest Group 6 Months

COCO (Collaborative Continuous Optimization) Platform

- Developed scalable backend services using FastAPI and Django with clean REST API architecture.
- Designed and maintained secure RESTful APIs ensuring performance and scalability.
- Utilized MongoDB for database design, queries, and efficient data handling.
- Containerized applications using Docker for consistent and reliable deployments.
- Worked on AI-integrated backend systems, contributing to prompt handling and AI/ML integrations.
- Collaborated with cross-functional teams, resolved React frontend issues, and conducted code reviews.
- Managed Agile workflows using Jira; gained strong expertise in debugging production-level systems.

TECHNICAL SKILLS

Manual Testing: STLC, SDLC, Test Case Design, Defect Life Cycle, Functional Testing, Regression Testing, Smoke & Sanity Testing, Black Box Testing
API Testing: REST APIs Testing using Postman, Jira (Bug Tracking)
Languages: Python, Java, JavaScript
Backend: FastAPI, Django, REST APIs
Databases: MySQL (CRUD, schema validation), MongoDB (query testing, data integrity)
Frontend: React.js, HTML, CSS
DevOps & VCS: Docker, Git, GitHub, VS Code
AI / ML: OpenAI API, Prompt Engineering, AI Response Validation
Core: Debugging, Agile/Scrum, Code Reviews, DSA

PROJECTS

- Chat Application | Python, Socket Programming — Real-time terminal-based client-server communication system.
- AI Chatbot Integration | Python, OpenAI API — Backend chatbot with intelligent responses using prompt engineering.
- Spotify Clone | React, HTML, CSS, JavaScript — Responsive music streaming UI with playlist management.
- Portfolio Website | HTML, CSS, JavaScript — Animated, responsive personal portfolio with smooth transitions.
- Python Automation Tools | Python — Automation scripts for file handling, organization, and web scraping.

EDUCATION

Raj Kumar Goel Institute of Technology, Ghaziabad 2022 – Present

B.Tech — Information Technology | Percentage: 74%

CERTIFICATIONS & ACHIEVEMENTS

- Programming in Python — Meta (Coursera)
- DSA Training — Physics Wallah (Trees, Graphs, Dynamic Programming)
- Solved 50+ DSA problems on LeetCode, Codeforces, and GeeksforGeeks
- Ranked in the Top 10% of college coding contests
