PROFESSIONAL SUMMARY

Results-driven MBA (Finance & Marketing) candidate at Aligarh Muslim University with hands-on experience in equity research, financial modelling, and auto-finance credit operations. NISM-XV certified Research Analyst with demonstrated expertise in DCF valuation, comparable company analysis, and risk assessment. Proficient in Excel, Power BI, SQL, and Python for financial data analytics. Active personal investor in Indian mid- and small-cap equities. Seeking entry-level roles in Equity Research, Risk Advisory, or BFSI where I can apply analytical skills to generate actionable insights.

CORE COMPETENCIES & TECHNICAL SKILLS

FMVA & Domain Knowledge

- DCF Modelling | Comparable Company Analysis (Comps)
- Equity Research | Fundamental Analysis | Ratio Analysis
- Risk Assessment | Credit Risk | Portfolio Analysis
- Auto Finance / NBFC Operations | KYC & Loan Processing
- WACC | Beta Calculation | Sensitivity Analysis
- Indian Capital Markets | Derivatives | Debt Markets

Tools & Technology

- Advanced Excel (Pivot, Power Query, Dynamic Formulas)
- Power BI (Interactive Dashboards, KPI Cards, DAX)
- SQL | Tally ERP 9
- Python (basic – data analysis libraries)
- NSE / BSE / Screener.in / Moneycontrol

Soft Skills

- Analytical Thinking | Problem Solving | Research
- Communication | Team Collaboration | Leadership
- Time Management | Client Coordination

PROFESSIONAL EXPERIENCE

Finance Intern | **Amit Auto Cars – Authorized Tata Motors Dealership** | Rudrapur, UK *, 2025*

- Evaluated automobile loan applications in coordination with NBFCs and banks, applying credit risk assessment and KYC verification protocols
- Prepared and analyzed MIS reports covering vehicle sales, loan disbursements, and collections — enabling data-driven portfolio tracking
- Verified financial documents (income statements, bank statements, credit profiles) to assess borrower creditworthiness and ensure compliance
- Coordinated with multiple finance partners (HDFC, Axis, SBI) to ensure seamless loan approvals, reducing turnaround time by ~20%
- Gained hands-on exposure to retail auto-financing workflows, EMI structuring, and dealership-level NBFC operations

Equity Research & Financial Modelling Intern | **YHills (Remote)** | Remote *(2 Months)*

- Built 5-year DCF models with revenue projections, WACC calculation, sensitivity analysis, and comparable company analysis (Comps) in Excel
- Conducted in-depth fundamental analysis of BSE/NSE-listed companies including margin analysis, revenue forecasting, and intrinsic valuation
- Analysed quarterly results, earnings calls, and annual reports to generate actionable investment insights and research notes
- Tracked macroeconomic indicators (RBI policy, CPI, IIP) and assessed their impact on sectoral equity performance

PROJECTS & FINANCIAL MODELS

NTPC Stock Valuation – DCF & Relative Valuation *Advanced Excel | Financial Modelling* | GitHub: View Project

- Developed a 5-year DCF model with granular revenue projections, WACC calculation (Beta via regression), and terminal value estimation
- Performed dual-axis sensitivity analysis on growth rate and discount rate; benchmarked intrinsic value against market price
- Applied comparable company analysis (EV/EBITDA, P/E) across peer utilities to triangulate fair value

Automobile Loan Portfolio Dashboard *Power BI | DAX | Data Visualization* | GitHub: View Project

- Built an interactive MIS dashboard tracking loan disbursements, collection efficiency, NPA trends, and region-wise performance
- Designed dynamic KPI cards and slicers enabling drill-down analysis of portfolio outstanding and credit risk exposure

Advanced Excel Financial Dashboard *Excel | Pivot Tables | Power Query* | GitHub: View Project

- Designed an automated financial reporting dashboard using slicers, pivot charts, and dynamic formulas — reduced manual reporting time by 40%
- Integrated Power Query for automated data refresh and transformation; applied conditional formatting for risk flagging

EDUCATION

MBA – Finance & Marketing | **AMU, Malappuram Centre** | Kerala*, 2024 – 2026*

B.Sc. (Mathematics) | **MJPR University** | Bareilly, U.P. *2021 – 2024* CGPA: 6.75

Intermediate (Class XII) | **Milton Educational Academy** | Bilaspur, Rampur, U.P.*2020* Score: 90%

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- **NISM XV – Research Analyst Certification** — NISM (SEBI-mandated certification for equity research professionals)
- **Business & Financial Modeling Analysis** — Coursera.org
- **Financial Literacy Programme** — NISM
- **Power BI – Data Analytics & Dashboarding** — Satish Dhawale
- **Advanced Excel | SQL | Tally ERP 9** — Self-paced / Institutional
- **Campus Ambassador – Marketing** — Dive Money (4 months)

ACHIEVEMENTS & EXTRACURRICULARS

- Completed FinOrbits IB Championship Season 1 – conducted full IPO valuation project (DCF, Comps, WACC) with SUBSCRIBE recommendation and ₹132 target price
- Built and maintain a live GitHub portfolio featuring DCF financial models and Power BI dashboards — regularly referenced in job applications
- Active personal investor in Indian mid- and small-cap equities with track record of fundamental research-driven stock selection
- Scored 90% in Class XII (PCM) and 90.4% in Class X — consistent academic performer
