PROFESSIONAL SUMMARY

Results-driven Frontend Developer with hands-on experience in building scalable and high-performance web applications using modern technologies such as Next.js and React. Proficient in developing responsive user interfaces, integrating APIs, and optimizing application performance. Adept at problem-solving, quick to learn new technologies, and committed to delivering clean, efficient, and maintainable code in collaborative environments.

WORK EXPERIENCE

Data Annotator

Cogito Tech LLC, Noida, Uttar Pradesh
February 2025 – September 2025

- Performed high-quality data labeling and annotation to train AI and Machine Learning models.
- Collaborated with technical teams to ensure data accuracy and integrity for complex datasets.
- Leveraged technical background to assist in the validation of data-driven frontend interfaces.

Front end Developer

GuidonaSoftpediaPrivateLimited, Noida, Uttar Pradesh
4 November 2025 - 7 May 2026

- Developed and maintained responsive, user-centric web applications using React and Next.js
- Designed and implemented reusable UI components to enhance scalability and reduce development time
- Integrated RESTful APIs and managed dynamic data rendering efficiently
- Ensured cross-browser compatibility and optimized applications for various devices and screen sizes
- Collaborated with cross-functional teams to identify issues, improve performance, and deliver high-quality solutions

EDUCATION

Bachelor *of Computer Applications (BCA)*

Soban Singh Jeena University, Almora, Uttarakhand
November 2020 – September 2023

Professional Certification in Frontend Development Ducat India, Noida
March 2024 – November 2024

- Completed an intensive 9-month professional course specializing in modern frontend frameworks.
- Core Focus: In-depth training in React.js and Next.js.
- Developed multiple projects using JavaScript, TypeScript, and Tailwind CSS to build responsive and scalable web applications.

Projects

HRMS (Human Resource Management System) – Company Project

- Contributed to the development of a responsive HRMS application using React.js, Next.js, and JavaScript.
- Implemented employee management, search functionality, and API integration.
- Collaborated with the development team to enhance user experience and application performance.
- Project worked on during my tenure at Guidona Softpedia Private Limited.
- Live Demo: https://workedgehr.com

TECHNICAL SKILLS

Frontend Technologies: Next.js, React.js
Programming Languages: JavaScript, TypeScript
Styling & UI: TailwindCSS, Responsive Design
Core Competencies: APIIntegration, Performance Optimization, Component-Based Architecture
