## WORK EXPERIENCE

**Data Analyst Intern** · *Kryptora InfoTech Pvt. Ltd.* Dec 2025 – Jun 2026
*Noida, UP · Remote, Part-time*

- Built & maintained Power BI dashboards for HR, Sales & Finance — centralising KPI tracking and eliminating manual reporting across 3 business functions.
- Automated ETL workflows using Python (Pandas, NumPy) on 10,000+ row datasets — improving data quality governance and reporting consistency.
- Conducted end-to-end EDA on relational databases to surface trends & anomalies; presented KPI-aligned findings to senior stakeholders.

**Data Engineering & AI Trainee** · *IIMT Startup Launch Pad Foundation* Jul – Sep 2025
*Meerut, UP · On-site*

- Built 3 end-to-end data pipelines (collection → transformation → cloud storage) using Python & Google Cloud — validated by industry mentors in an 8-week intensive.
- Applied ML/AI workflows to real analytical problems — produced EDA outputs & feature-engineered datasets across structured data.

**Business Development Associate** · *Healthsfirst Healthcare & Diagnostics* Dec 2023 – Nov 2025
*Delhi · Part-time*

- Maintained Excel tracker across 10–20 active clients — logging lead status, conversion rates & monthly revenue to monitor retention patterns.
- Analysed month-on-month revenue data to identify top-converting client segments, contributing to sustained revenue growth managed independently.

## KEY PROJECTS

**India Job Market Intelligence Tool** | *Python · SQL · MySQL · Power BI* GitHub ↗

- Scraped & analysed 500+ India Data Analyst job postings via Adzuna API — identified Power BI & SQL as top-2 demanded skills across 80%+ of openings.
- Built end-to-end pipeline: Python scraper → data cleaning → MySQL ingestion → Power BI dashboard for hiring trend & skill-demand mapping.

**MyCV AI — ATS Resume Scoring Tool** | *Python · CustomTkinter · pdfplumber · Matplotlib* GitHub ↗

- Desktop ATS scoring app benchmarking resumes against 100+ job-role profiles — generates structured improvement recommendations via automated scoring & PDF processing.

**BMW Global Sales Intelligence Dashboard** | *Power BI · DAX · Data Modeling* GitHub ↗

- Multi-region BI dashboard across 4 regions & 12 car models — surfaced 2 European markets driving 60%+ of premium segment revenue using complex DAX & YoY KPIs.

**University Academic Performance Database** | *SQL · MySQL · CTEs · Window Functions* GitHub ↗

- Full relational schema with analytical queries — surfaced 3 early-warning indicators shared by the bottom 20% of performers using CTEs & window functions.

## EDUCATION & CERTIFICATIONS

**B.Tech — Computer Science & Engineering** Sep 2022 – Jun 2026
*IIMT University, Meerut*
**Certifications:** Cloud Computing — NPTEL (IIT/IISc) · Soft Skills — NPTEL
